We're down to earth

# OUR STORY ...

From it's humble beginnings in the 1950's, Blue Grass Garden Centre & Nursery has grown into one of the largest Tree and Sod producers in Alberta, growing more than 60,000 prairie hardy trees and harvesting more than 500 acres of Blue Grass Premium Turf per year.

From our two locations, one in Balzac and one in Red Deer, we offer our customers a wide range of high quality products including sod, potted and caliper size trees, shrubs, annuals, perennials, tropical plants, aggregates, firewood, Rainbow Play Systems, and a variety of unique garden décor.

Through over 40 years of business, Blue Grass has grown into one of Alberta's premier Nursery and Garden Centre through our commitment to great service and quality plant material. Come visit us soon and experience the down to earth atmosphere Blue Grass is famous for today.

# PREMIUM BLUE GRASS SOD

## PREMIUM REGISTERED BLUE GRASS SOD

Over our 40 years of producing sod in Alberta, Blue Grass Sod Farm has been committed to providing our customers with high quality, premium grade turf that is backed by our dedication to excellent customer service. We maintain over 1,800 acres of premium sod in production and harvest 500 acres or 14 million square feet per year; the equivalent of almost 400 football fields. We maintain our sod at the leading edge of quality through extensive research and development to ensure only seed mixes with proven colour, winter hardiness and textures are used to grow our turf.

## BENEFITS OF BLUE GRASS PREMIUM SOD

- Our Blue Grass Turf Blend has been selected for its adaptability to our Southern Alberta climate and is suitable for use in golf courses, commercial landscape projects and in residential applications.
- We use a seed blend of 80% Kentucky Blue Grass and 20% Creeping Red Fescue – a blend that is constantly being tested and evolved to include the most superior seed quality and cultivars available in the market.
- We use only Gold Tag certified seed for our Blue Grass Turf production. A Gold Seed tag indicates that the seed has passed rigorous purity, cleanliness, and germination testing to certify that the seed does not contain certain problematic weeds and other crop contaminants.
- Our sod is produced using sustainable agricultural methods including minimal irrigation, crop rotation, and the use of plow-down green manure crops.

# PREMIUM BLUE GRASS SOD

## SPECIALTY TURF- BLUE GRASS FINE FESCUE BLEND

Blue Grass is proud to offer our new Fine Fescue Blend – a LEED certified, drought tolerant, environmentally friendly alternative to traditional turf grass blends. Our Fescue is a blend of Magic Chewings Fescue, Aurora Gold Hard Fescue, Creeping Red Fescue, Sheep Fescue, and Everest Kentucky Blue Grass. Fine Fescue Blend is ideally suited for reclamation areas, erosion control, as well as low maintenance and non-irrigated green spaces. Benefits of Fine Fescue also include:

- Reduced water consumption
- Reduced fertilizer requirements
- Lower mowing requirements
- Ability to thrive under varying soil conditions
- Ability to thrive in lower light environments
- L.I.S.T. (Low Input Sustainable Turf)

We have 10 acres of Fine Fescue Blend in production that is ready for harvest. Please contact us to discuss your project's specific turf needs and to obtain a quotation for our Fine Fescue Blend.

## FAIRWAY CUT TURF

Blue Grass currently has 40 acres of  $\frac{3}{4}$ " Premium Fairway Cut turf available for harvest. This fine blended, Dwarf Kentucky Blue Grass is adaptable to a low cutting height, has high wearability, a quick spring green up, extremely prairie hardy and is disease resistant. Fescue blends are also added to increase the turf's shade and drought tolerance.

## TURF DEFINITIONS

**Small Roll:** Each roll is cut 2' wide by 5' long totaling 10 square feet.  
(Residential & Commercial Areas).

**Big Roll Turf:** Each roll is 4' wide by 90' long totaling 360' square feet.  
(Large Commercial, Park Projects).

**Regular Cut Turf:** Maintained at a mowing height of 1.5" to 2". (Most Applications)

**Fairway Cut Turf:** Maintained at a growing height of .75"(Golf courses)

# 250 ACRE TREE FARM

Our Red Deer location boasts a 250 acre tree farm where over 60 000 Prairie Hardy Specimen Trees are currently in production. From Ornamental to Shade Trees, we offer a variety of species that are ideally suited for shelter belts, acreages, commercial projects and residential plantings. In addition to our own production, we are also partnered with over 20 local nurseries offering prairie hardy trees that are accustomed to our harsh Alberta climates. We offer a full range of services including, consultation, delivery and planting and offer special pricing for Acreage and Commercial projects. Come visit both our Balzac and Red Deer locations to view our excellent selection of specimen Alberta grown caliper trees and enjoy the down to earth attitude of our experienced staff.

# 20,000 SQ.FT GREEN HOUSE

Our newly expanded greenhouse offers a full line of perennials and annuals that will add a splash of colour and flair to any garden. Let our experienced greenhouse staff help you select the perfect mix of flowers to make your garden, planters or hanging baskets a beautiful mix of colours and textures. From small backyard gardens to large commercial sites, we can supply quality greenhouse stock for any sized project. We also stock a large selection of tropical and seasonal plants for your indoor garden during the fall and winter months. Be sure to ask about our custom planter service as well as our unique fundraising programs for schools, organizations, and businesses.

# POTTED TREES AND SHRUBS

Trees and shrubs form the framework for our landscape and offer year round beautification and functionality. Build your backyard oasis by visiting Calgary and area's largest selection of mature shrubs and potted trees at Blue Grass Garden Centre. Find your Prairie Hardy and locally grown shrub or tree with help from our experienced and professional staff. Special orders are available if what you are looking for is not in stock or on large commercial orders. We also offer consultation and design services as well as delivery and installation of most of our potted trees and shrubs. Turn your backyard dreams into reality by visiting Blue Grass today.

## ***Trees & Shrubs***

- PRAIRIE HARDY & LOCALLY GROWN
- SPECIALIZING IN LARGE CALIPER TREES
- OVER 150 ACRE TREE NURSERY
- CALGARY'S LARGEST SELECTION OF MATURE SHRUBS
- ACREAGE PACKAGES INCLUDING PLANTING

- OVER 2000 TREES AVAILABLE FOR VIEWING

***"We Build Your Urban Forest"***

# 15,000 SQ.FT GARDEN CENTRE

Our garden centre has grown from a small trailer in the country to a full service, 15 000 square foot retail store on the North end of Calgary. Come year round to browse our selection of high end, unique garden accessories and décor while you sip on some freshly brewed coffee and munch on our warm popcorn. From weather veins to garden furniture you will find it all in one simple and convenient stop at Blue Grass Garden Centre. Be sure to visit us during the Holiday Season and shop Calgary's largest Christmas Store. Whether it's spring, summer, winter, or fall, Blue Grass Garden Centre has it all!

# FIREWOOD - AGGREGRATE - HANDY CUBES

**FIREWOOD:** Stay warm this winter and make memories by the campfire with our premium firewood. We offer split and well seasoned Pine, and Birch at a reasonable cost. Pick up your product at our Garden Centre or have us deliver it to your door. We sell by the full cord, any portion of a cord or by the bundle.

**CORD DIMENSIONS:** 4ft Long x 4ft High x 2ft Wide

**AGGREGATE:** We offer a wide range of bulk and aggregate products to allow you to complete any of your landscape projects on time and on budget. We sell by the cubic yard or any portion of a yard and are available for pick up or delivery to your site.

**HANDY CUBE:** Looking to avoid the mess and slugging of loose material dumped on your site? Order one of our one cubic yard Handy-Cubes bulk bags to your door and save your back. Call us today for more information and to place an order.

# CALGARY AND AREA CHRISTMAS STORE

There is no time for a bah humbug around Blue Grass during the Holiday Season! Beginning each November, we transform our Garden Centre into a 10 000 square foot Christmas Store stocked full of all the holiday décor you would ever need. We have so much Christmas packed into our store that even Santa does his shopping at Blue Grass. Find the perfect gift for that special someone, pick just the right decoration to add to your tree, and enjoy the down to earth charm of a country Christmas.

Escape the cold of the season and bring the family to find your perfect Christmas tree in our indoor tree lot, find some fresh greens and a wreath to hang on your door, choose a beautiful Poinsettia for your table center piece, or take home an artificial Christmas tree for years of enjoyment. With our broad selection of seasonal décor and holiday atmosphere, Blue Grass is truly Calgary's Christmas store. See you in December!

# RAINBOW PLAY SYSTEMS

Put a rainbow in your backyard and become the most popular house in the neighborhood! Blue Grass is the exclusive dealer of Rainbow Play Systems in Western Canada. These fine residential play structures are constructed using the finest North American lumber, dual bolt construction, and dipped safety chains. Best of all, our play systems are covered by the unprecedented warranty of Rainbow. From small backyards to large acreages, Rainbow play systems are completely customizable to fit any property, in any location.

Your children deserve the very best and Rainbow is the very best play systems money can buy. Let your children's imaginations soar as they fly on the swing set, climb the tallest mountains on the

rock wall, discover new worlds as they steer the ships wheel, or take a wild ride on the tire swing. With an almost unlimited array of accessories and options, the possibilities for fun and play are endless. Give the gift of year round, backyard play to your kids and visit our Garden Centre Showroom to view the largest selection of quality play systems in Western Canada.

# ORGANIC FERTILIZER

Ensure the health and beauty of your or your client's lawn with our exclusive line of organic fertilizers. Made of a blend of 100% natural and organic ingredients designed to balance nutrient content for optimum turf grass performance. These organic fertilizers are safe to use around kids and pets as they increase the microbial activity in the soil rather than adding synthetic and possibly harmful material to your lawn.

The benefits of using these natural ingredients are not limited to the environment, but also provide your turf with nutrients that are not available in conventional synthetic fertilizers. Natural ingredients also enhance soil structure while feeding your plants, improving drainage, and water holding capacity. Full maintenance and fertilizer programs are also available to make your lawn and garden the greenest on the block!

Join the revolution.

# EVENTS PAGE

## RAINBOW DAYS

On a sunny weekend every July, Blue Grass holds our annual Rainbow Days Event. A fun filled day for the family, Rainbow Days offers many activities aimed at providing summer fun in the country while visitors can take advantage of incredible savings on our line of premium quality Rainbow Play systems. Check our website for exact dates and be sure to visit us and enter a draw to win a play set for your backyard on the final day of the event!

## AIRDRIE CANADA DAY PARADE

At Blue Grass, we take pride in our local community and in our country by submitting a float in Airdrie's Annual Canada Day Parade. Our colourful pick up truck and trailer decked out with flowers, trees, garden décor, and a play set has taken home the grand prize for the best float in the parade. Be sure to check out our float at our garden centre after the parade and take advantage of our Canada Day Sales and Specials aimed at helping you complete your long weekend projects.

## PUMPKIN FESTIVAL

Every October, Blue Grass hosts Southern Alberta's Largest Pumpkin Festival. This annual event is fun for people of all ages, drawing families from all over Calgary and surrounding area. There are many family friendly activities to enjoy such as a petting zoo, face painting, pumpkin carving, farmers market, straw maze, hay rides, coloring contests and so much more! The day's events culminate when a giant pumpkin is dropped from over 100ft onto an old car! Best of all, 10% of all profits and all proceeds from event admissions made during the day are donated to the Alberta Children's Hospital. We hope to see you and your family in October!

## HOME AND GARDEN SHOW

Visit our booths at several Home & Garden Shows around the Calgary area and see what's new at Blue Grass for the coming year. Receive exclusive show sales and pick the brains of our experienced staff for tips and ideas to complete your spring landscape projects. You can find us at the Calgary, Airdrie, Red Deer, and Edmonton Home & Garden Shows as well as several others such as the Calgary Horticultural Society Garden Show and the Calgary Agi Days Show. Check out our website for exact dates and locations of each of these shows.

# CONVERSIONS / RULE OF THUMB

## Metric and Commercial Data

### Cubic Yard Calculation:

Length x Width in feet, divided by 9, then divide by 36 x depth in inches = Cubic Yards

### Simple Rule:

1 cubic yard per 100 square feet at 2.5" - 3" in depth

### How to Calculate for a Patio: (Natural / Flagstone)

1" slab : 1 tonne = 150 square feet. 2" slab : 1 tonne = 80 square feet (Leaving approximately 2" gaps)

1 cubic foot = Approximately 165 lbs.

### How to Calculate for a Dry Wall Pack: (Natural / Flagstone)

Length x Width x Height in inches, divided by 1728 = Cubic Feet of Rock

Simple Rule: 1 Pallet = Approx. 1 Tonne or Approx. 12 cubic feet

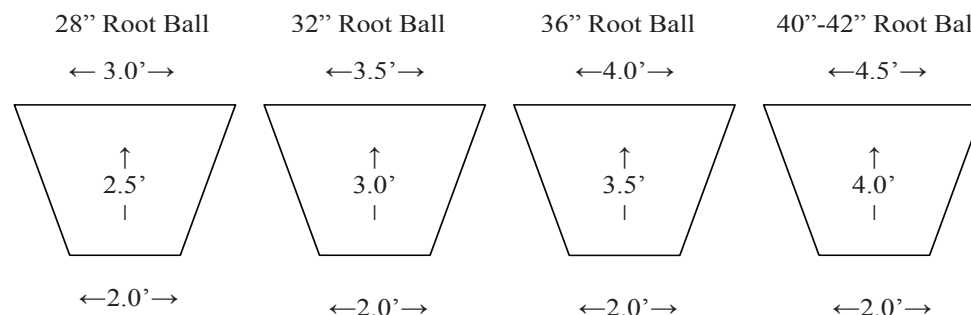

### Boulder Weights: (Approximately)

1' x 1' x 1' = 165 lbs / 2' x 2' x 3' = 1 ton

### TREE ROOT BALL SIZES & WEIGHTS

ROOT BALL	SIZE OF CONIFEROUS TREE	SIZE OF DECIDUOUS TREE	WEIGHT	REQUIRED SIZE OF HOLE
28"	3'-6'	20mm to 50mm	TWO PEOPLE TO MOVE	2.5'
32"	6'-8'	50mm to 70mm	TWO PEOPLE TO MOVE	3.0'
36"	8'-10'	70mm to 100mm	CRANE /BOBCAT TO MOVE	3.5'
40-42"	12'-14'	80mm to 100mm	CRANE / BOBCAT TO MOVE	4.0'-4.5'

### Approximate Size of Hole to Dig in Relation to Root Ball Size

\*Note: Always provide a minimum of 1 foot width of premium planting soil on either side of root ball.

# RETAIL TERMS & CONDITIONS

## PRICING POLICIES

- Original receipt must be provided for any claims, refunds, or returns.
- All prices are subject to change without notice.
- All products are subject to delivery charges.
- All merchandise remains the property of Blue Grass until paid in full.
- All product may not be available in all sizes.

## PRODUCT GUARANTEES AND WARRANTIES

Blue Grass Ltd. guarantees that stock purchased will be true to type and in good condition when it leaves our nursery. We will supply replacement stock for any material that may prove otherwise.

We give no warranty, expressed or implied as to the productivity, performance or results secured from transplanting of any nursery stock that are purchased, as these factors are out of our control.

Discounted material is not guaranteed. Blue Grass Ltd. will not be held liable for any labour or charges involved in replacing material.

There are no returns or exchanges on trees, shrubs, sod, annuals, perennials, or tropicals.

Sod is only guaranteed if properly installed and maintained – see sod brochure for details. Sod is of premium quality and guaranteed to be as weed free as possible at time of purchase. Sod is not guaranteed if left standing for more than 24 hours.

Trees and shrubs are guaranteed one year from the date of purchase if properly maintained on regular priced items only. This excludes die-back and damaged branch material that can be pruned out, leaving a viable plant.

Warranty does not include services such as planting, delivery, etc. All costs incurred in replacing plant material are at the sole cost of the purchaser.

Perennials are guaranteed if properly maintained until the end of the season (September 30th) on regular priced items.

Annuals are not guaranteed.

Foliage tropical plants are guaranteed for 30 days against insects and diseases. There is no warranty on flowering tropicals or seasonal plants.

Rainbow Play Systems are covered by detailed guarantees and warranties. Please refer to the current Rainbow Catalogue for all policies.

Return regular priced hard goods within 30 days with receipt.

No warranty / Final sale on all discounted hard goods.

Due to Provincial and Federal regulations, the return of chemicals and fertilizers is strictly prohibited.

## DELIVERY SERVICE

Delivery service is available for an additional fee for trees, sod, and bulk purchases. Extra time on site will be charged by the hour for deliveries requiring more than one hour on site. Morning and afternoon deliveries can be requested however we cannot guarantee specific arrival times.

At time of purchase, please indicate any special instructions regarding where in your yard you wish to have your delivered items placed. It is not necessary that you be at home when your delivery arrives. If accessible, your order will be placed as requested. If the requested drop location is not accessible our driver will place your delivery where it is most appropriate. If special directions as to the placement of trees, sod, or bulk materials are past the curblane of city streets or public roads, it is the obligation of the purchaser to convey such directions to the order desk before delivery or to the truck driver at the time and place of delivery. Once past the curblane, any damages occurring, including damages to the truck, are the sole responsibility of the purchaser. If any problems occur with our delivery service, please contact Blue Grass within 24 hours after delivery.

If Blue Grass is providing planting / construction services, the purchaser is responsible for completing and securing line locates and permits.

# WHOLESALE TERMS & CONDITIONS

## PRICING POLICIES

In order to be eligible for wholesale pricing, customers must present a current proof of business such as a business license or GST number, and must be doing business in a horticultural, landscape or agriculturally related industry. Some exceptions may apply. Please see Service Centre staff for details and an application for wholesale pricing.

- Prices and availability are subject to change without notice.
- Prices are FOB Blue Grass Yard.
- All products are subject to delivery charges.
- Holding Policy: Paid items can be held at no charge for 30 days. \$20 / month / tree thereafter.
- Interest will be charged at 2% per month and 24% per annum on overdue accounts.
- All merchandise remains the property of Blue Grass until paid for in full.

## WHOLESALE GUARANTEE

Blue Grass Ltd. guarantees that stock purchased will be true to type and in good condition when it leaves our nursery. We will supply replacement stock for any material that may prove otherwise.

Discounted material is not guaranteed. Blue Grass Ltd. will not be held liable for any labour or charges involved in replacing material. Wholesale customers, not Blue Grass Ltd. are responsible for the product performance and warranties to the end user.

We give no warranty, expressed or implied as to the productivity, performance or results secured from transplanting of any nursery stock purchased, as these factors are out of our control.

Any claims for warranty must be made in writing within 14 days of receiving product.

## DELIVERY SERVICE

Delivery service is available for trees, sod, and bulk purchases. A general delivery charge will apply for all tree deliveries. A delivery charge will also apply for all sod, and bulk deliveries under the minimum delivery order. A higher delivery charge will apply for all orders outside the city limits. Extra time on site will be charged by the hour for deliveries requiring more than one hour. Morning and afternoon deliveries can be requested however we cannot guarantee specific arrival times. At time of purchase, please indicate any special instructions regarding where in your yard you wish to have your delivered items placed. It is not necessary that you be at home when your delivery arrives. If accessible, your order will be placed as requested. If the requested drop location is not accessible our driver will place your delivery where it is most appropriate. If special directions as to the placement of trees, sod, or bulk materials are past the curblane of city streets or public roads, it is the obligation of the purchaser to convey such directions to the order desk before delivery or to the truck driver at the time and place of delivery. Once past the curblane, any damages occurring, including damages to the truck, are the sole responsibility of the purchaser. If any problems occur with our delivery service, please contact Blue Grass within 24 hours after delivery.

# At Blue Grass, we're down to Earth!

## Manitoba Maple

*Acer negundo*

This old-fashioned favorite is fast growing and perfectly hardy. It forms an open spreading canopy. Tolerates a wide range of soil types. Drought tolerant.

14m by 12m

Z3

## Sensation Maple

*Acer negundo* 'Sensation'

Uniform growth habit. Green foliage turns a bright orange-red in the fall. Ideal for shelter belt plantings.

10m by 8m

Z3

## Silver Cloud Maple

*Acer saccharinum* 'Silver Cloud'

A hardy, upright tree with a symmetrical crown and tendency to retain a central leader. Maple leaf shaped green leaves with silver underside turn yellow and red in the fall.

15m by 10m

Z3

## Ohio Buckeye

*Aesculus glabra*

Creamy upright flower spikes in late spring, very interesting nuts with spiny shells. Brilliant reddish/orange fall color.

10m by 10m

Z3

## Paper Birch

*Betula papyrifera*

Gold autumn color. Attractive peeling, light brown and white bark, turns chalk-white with age. Must be well watered in late fall prior to freeze up.

12m by 6m

Z3

## Clump Paper Birch

*Betula papyrifera*

Three trunks as a rule, adapts well to most sites. Very susceptible to prolonged drought. Gold autumn colour, bark is ornamental white, peeling with age. Must be well watered in late fall prior to freeze up.

12m by 6m

Z3

## Cutleaf Weeping Birch

*Betula pendula* 'Laciniata'

Birch require a moist site or low-lying area as they are intolerant of drought conditions. All birch must be well watered in late fall prior to freeze up. Deep cut, lacy foliage on weeping branches. Gold autumn colour, brown bark when young, whitens and peels with age.

15m by 8m

Z3

## Dakota Pinnacle Birch

*Betula platyphylla* 'Fargo' PP10963

Columnar growth habit with dark green foliage and pure white bark. Leafs turn yellow in the fall. Tolerates both dry and moist soils.

8m by 2.5m

Z3

# At Blue Grass, we're down to Earth!

## Sutherland Caragana

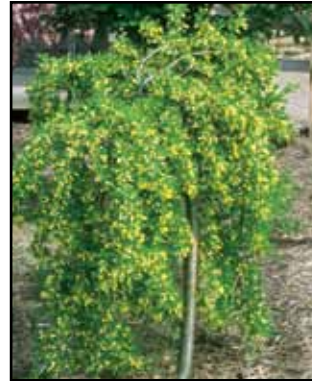

*Caragana arborescens*  
'Sutherland'

This durable, upright growing deciduous tree will thrive in poor soil conditions and is cold hardy. Yellow pea-like flowers hanging below the branches in spring. Green foliage becomes bright yellow in fall.

5m by  
2m

**Z3**

## Walker Weeping Caragana

*Caragana arborescens* 'Walker'

Unique, small ornamental tree that is very cold hardy. Bright green foliage with yellow, pea-like flowers in spring. Nice weeping habit.

2.4m by  
1.2m

**Z3**

## Snowbird Hawthorn

*Crataegus mordenensis*  
'Snowbird'

An upright rounded, deciduous tree with dark green shiny foliage that changes to yellow in fall. Double white clusters of flowers in spring are followed by sparse red berries. Very cold hardy.

5m by  
3m

**Z3**

## Toba Hawthorn

*Crataegus mordenensis* 'Toba'

Beautiful flowering tree with interesting twisted trunk. Clusters of fragrant double pinkish-white flowers in spring. Small ornamental red fruit in fall. Shiny green foliage turn yellow in fall.

4m by  
3m

**Z3**

## Russian Olive

*Elaeagnus angustifolia*

Fragrant, small yellow blooms in spring. Silver foliage retained through winter. Salt and drought tolerant.

4m by

## Patmore Green Ash

*Fraxinus pennsylvanica* 'Patmore'

Fragrant, small yellow blooms in spring. Silver foliage retained through winter. Salt and drought tolerant.

15-18m by 10-12m

**Z2**

## Prairie Spire® Ash

*Fraxinus pennsylvanica* 'Rugby'

Upright narrow tree with rich green foliage. Vigorous growing.

13m by 8m

**Z2**

## Northern Gem Ash

*Fraxinus x* 'Northern Gem'

Fragrant, small yellow blooms in spring. Silver foliage retained through winter. Salt and drought tolerant.

10m by 7m

**Z2**

## Northern Treasure Ash

*Fraxinus x* 'Northern Treasure' PPAF

Fragrant, small yellow blooms in spring. Silver foliage retained through winter. Salt and drought tolerant.

10m by 5m

**Z2**

## Larch - Siberian

*Larix sibirica*

Unique for its deciduous qualities. Soft green foliage turns deep yellow in fall. Larch drop their needles in fall, but retain attractive cones over winter. Prefers moist sites.

10m by 4m

**Z2**

## Battleford Apple

*Malus* 'Battleford'

Green - yellow apple with a touch of red. Good for eating, and cooking with but only fair for storage.

6m by 5m

**Z3**

# At Blue Grass, we're down to Earth!

## Dolgo Crabapple

*Malus 'Dolgo'*

White bloom - Green foliage  
- Brilliant red fruit - Great for making jelly.

5m by 4m

**Z3**

## Harcourt Apple

*Malus 'Harcourt'*

Bright red, pleasant flavored apple. Excellent for cooking, eating & storing. Ripens late summer to early fall.

6m by 5m

**Z4**

## Goodland Apple

*Malus 'Goodland'*

Large, red over creamy yellow fruit. Tasty flesh is crisp, juicy, tender and aromatic. Good for cooking and eating fresh. Stores well. Ripens mid-September.

5m by 4m

**Z3**

## Kerr Apple - Crab

*Malus 'Kerr'*

A hardy, high yielding crabapple tree with tasty red fruit that is excellent storage. Red fruit can be used in jelly. Ripens in September.

5m by 4m

**Z3**

## Norland Apple

*Malus 'Norland'*

Medium-sized yellow-green with red striped apple. Ripens in August. Great for fresh eating and cooking. Stores well.

4m by 3m

**Z4**

## Westland Apple

*Malus 'Westland'*

Large, yellowish-green apple with red stripes. Tart-tasting apple which is best used for cooking. Ripens in mid to late August.

5m by 6m

**Z4**

## Parkland Apple

*Malus 'Parkland'*

Medium-sized, red fruit is green streaks. Tart-tasting apple which is best used for cooking. Ripens in late August. Stores well.

6m by 5m

**Z3**

## Rescue Apple Crab

*Malus 'Rescue'*

Small, crabapple tree with red fruit that has sweet, firm cream coloured flesh. Excellent for fresh eating and for preserves. Ripens in early August.

5m by 4m

**Z3**

# At Blue Grass, we're down to Earth!

## September Ruby Apple

*Malus 'September Ruby'*

Bright, medium-sized red fruit with yellow-green streaking. Green-yellow crispy, sweet juicy flesh. Good for fresh eating. Stores well. Ripens in September.

5m by 4m

**Z3**

## Zestar Crabapple

*Malus 'Zestar'*

Bright red fruit appears in late summer and is great for fresh eating or cooking. Ripens in late August. Cold hardy variety.

5m by 4m

**Z3**

## Big River Crabapple

*Malus 'Big River'*

Green foliage - deep rose-pink flowers, purple-black fruit. Excellent disease resistance - pyramidal.

5m by 3.5m

**Z3**

## Dream Weaver™ Columnar Crabapple

*Malus 'Dream Weaver'*

Columnar tree - glossy purple foliage. Ideal for small yards.

2.5m by 1m

**Z3**

## Gladiator® Flowering Crab

*Malus x adstringens 'Durleo'*

Narrow upright to columnar form with glossy bronze to purple foliage. Clusters of rose coloured flower buds opening to fragrant pink flowers in the spring followed by showy purple fruit.

4m by 2.5m

**Z2**

## Hopa Crabapple

*Malus 'Hopa'*

Pink flowers - upright tree when young, wide-spreading with age - Reddish fruit.

7m by 6m

**Z3**

## Kelsey Crabapple

*Malus 'Kelsey'*

Double pink bloom - Red Foliage turning green.

5m by 4m

**Z3**

## Makamik Crabapple

*Malus 'Makamik'*

Deep rose bloom - Bronzy - Red foliage.

8m by 3m

**Z3**

# At Blue Grass, we're down to Earth!

## Pink Spire Crabapple

*Malus x 'Pink Spire'*

Narrow, upright habit with purple-maroon foliage that matures to reddish green in the summer and orange-red in the fall. Deep rose flowers in the spring followed by purple cherry sized fruit.

5m by  
4m

**Z3**

## Pyramidal Crabapple

*Malus 'Pyramidal'*

White blooms - Green foliage - Yellow fruit. Upright vase shape.

5m by  
2.5m

**Z3**

## Radiant Crabapple

*Malus 'Radiant'*

Medium pink bloom - Purple foliage maturing to bronzy green in summer. Small bright red fruit.

5m by  
4m

**Z3**

## Royal Weeping Crabapple

*Malus 'Royal Beauty'*

Small weeping flowering crabapple tree that has pink flowers in spring and reddish-purple foliage.

5m by  
4m

**Z3**

## Royalty Crabapple

*Malus 'Royalty'*

An outstanding deciduous tree with reddish purple glossy foliage with green underside. Dark red flowers in spring. Small dark red fruit persists into winter and attracts birds. Orange yellow fall colour.

5m by  
5m

**Z3**

## Rudolph Crabapple

*Malus 'Rudolph'*

Masses of fragrant, single red blooms in spring against glossy bronzy-green foliage. Bright red fruit persist until early winter.

5m by  
5m

**Z3**

## Selkirk Crabapple

*Malus 'Selkirk'*

Cold hardy, flowering crabapple with burgundy-red foliage that matured to bronze-green. Single, pink, spring blooms and red, glossy ornamental fruit in winter.

8m by  
8m

**Z3**

## Shaughnessy Cohen Crabapple

*Malus 'Shaughnessy Cohen'*

Reddish-green coloured foliage with large fuchsia-pink flowers in spring. Small reddish fruit attracts birds in winter. Natural rounded form.

6m by  
5m

**Z3**

# At Blue Grass, we're down to Earth!

## Strathmore Crabapple

*Malus 'Strathmore'*

Upright growing flowering crabapple tree with bronze-red foliage that deepens in fall. Masses of showy pink flowers in spring.

5m by 5m

**Z3**

## Thunderchild Crabapple

*Malus 'Thunderchild'*

Upright-growing, flowering crabapple tree with purple-green foliage and masses of pink flowers in spring. Small red fruit persists into winter. Orange-yellow fall colour.

5m by 4m

**Z3**

## Spring Snow Crabapple

*Malus 'Spring Snow'*

Showy fragrant pink buds, glistening white flowers are followed by glossy green leaves in Spring. An excellent upright oval shaped lawn specimen.

8m by 5m

**Z3**

## Swedish Columnar Aspen

*Populus tremula 'Erecta'*

Bronze spring foliage turns green in summer and shades of yellow, orange and red in autumn. Compact, columnar habit. Excellent for screen or accent plant. Highly recommended for the prairies.

12m by 2m

**Z3**

## Tower Poplar

*Populus tremula 'Tower'*

Columnar Poplar: Fast growing hardy tree. Excellent for screen or vertical accent. Good sub for Swedish Aspen.

15m by 2m

**Z3**

## Trembling (Native) Aspen

*Populus tremuloides*

A tree with small leaves that tremble in the slightest breeze. Greenish-white bark. Fall colour is a gorgeous yellow.

15m by 9m

**Z3**

## Balsam Poplar

*Populus balsamifera*

Rapid growing deciduous tree with rich shiny green foliage. Very showy yellow fall colour. Plant this with plenty of room to grow. Easy to grow, durable.

15m by 10m

**Z3**

## Brooks Poplar

*Populus 'Brooks #6'*

Fast growing and very hardy. Recommended for shelterbelts and acreages. Not recommended for urban planting. Is a male clone, therefore is non-cottoning and seedless. Displays brilliant yellow autumn colour.

20m by 12m

**Z3**

# At Blue Grass, we're down to Earth!

## Bylands Poplar

*Populus 'Bylands'*

Dark green foliage become golden-yellow in fall on this upright growing, deciduous tree. Works well as a single specimen or in group to form a natural screen.

12m by 6m

**Z3**

## Prairie Sky Poplar

*Populus x 'Prairie Sky' COPF*

Narrow, columnar growing deciduous tree. Fast growing variety that is cold hardy. Works well as a single specimen or in group to form a natural screen.

12m by 3m

**Z3**

## Griffin Poplar

*Populus 'Griffin'*

Medium green foliage changes to golden yellow in autumn. Large, upright growing deciduous tree. Works well as a single specimen or in group to form a natural screen.

15m by 8m

**Z3**

## Northwest Poplar

*Populus x jackii 'Northwest'*

Fast growing and very hardy. Recommended for shelterbelts and acreages. Not recommended for urban planting. Is a male clone, therefore is non-cottoning and seedless. Displays brilliant yellow autumn colour.

20m by 15m

**Z3**

## Tristis Poplar

*Populus 'Tristis'*

A fast growing tree with strongly scented balsamic buds and yellow fall foliage.

12m by 8m

**Z3**

## Cottonwood Poplar

*Populus deltoides*

Cold hardy, dependable, fast growing deciduous tree with a pyramidal to oval shaped. Showy green foliage changes to shades of yellow in fall.

15m by 12m

**Z3**

## Western Chokecherry

*Prunus virginiana melanocarpa*

Lovely, native deciduous tree with clusters of small white flowers in spring followed by red berries in fall. Thrives in moist areas.

5m by 3m

**Z3**

## Amur Cherry

*Prunus maackii*

White blooms. brilliant yellow leaves in fall. Small black fruit in Autumn. Bark is polished, copper to golden brown, peeling with age. Fast-growing.

6m by 5m

**Z3**

# At Blue Grass, we're down to Earth!

## Mayday

*Prunus padus commutata*

Leaves out earlier than other ornamental shade trees. Early spring, white, fragrant blooms. Is fast growing.

6m by 8m

**Z3**

## Evans Cherry

*Prunus cerasus 'Evans'*

Cold hardy, upright, spreading deciduous tree with white flowers in spring followed by glossy red, sour cherries. Tart flavoured. An excellent choice for pies, jellies and jams. Ripens in midsummer. Self-fruiting variety.

4m by 3m

**Z3**

## Pin Cherry

*Prunus pensylvanica*

Clusters of small, milky-white flowers in spring. Bright red edible fruit in fall. Bark is shiny bronze-red. Requires well-drained soil, intolerant of wet conditions.

5m by 3m

**Z3**

## Mary Liss Pin Cherry

*Prunus pensylvanica 'Mary Liss'*

Small deciduous tree with white flowers in spring followed by red, sour cherries that ripens in midsummer. Medium green foliage becomes golden in fall.

5m by 3m

**Z3**

## Schubert Chokecherry

*Prunus virginiana 'Schubert'*

Small white flower clusters in spring, small black fruit in fall, can be used for jellies, juice and wine. Foliage is green in spring, burgundy-red in summer and deep purple in fall.

8m by 4m

**Z3**

## Pembina Plum

*Prunus 'Pembina'*

Large red skinned egg-shaped fruit with yellow sweet flesh. Ripens in late August. Excellent eating plum. Requires pollination. White blooms in spring. Cold hardy variety.

5m by 3m

**Z3**

## Princess Kay Plum

*Prunus nigra 'Princess Kay'*

Narrow ornamental flowering plum with double white flowers that appear in early spring. Small yellow-red ornamental fruit in summer. Green foliage changes to yellow-orange in fall.

4m by 2.5m

**Z3**

## Golden Spice Pear

*Pyrus 'Golden Spice'*

A small golden pear that is good for canning and preserves. This tree displays a blanket of radiant white flowers in the spring. The glossy green foliage turns a splendid orange colour in the fall. Fruit production increases with cross pollination. Prefers full sun.

10m by 6m

**Z3**

# At Blue Grass, we're down to Earth!

## Ussurian Pear

*Pyrus ussuriensis*

Small yellow fruit suitable for jams & deserts. White spring flowers. Green foliage which turns orange in fall. Prefers full sun. Compact accent tree.

10m by 6m

**Z3**

## Burr Oak

*Quercus macrocarpa*

Extremely hardy, leathery leaves and furrowed bark gives this tree wonderful character. Tolerant of automobile exhaust therefore a good street tree. Acorns 2 - 2.5 cm long. Beautiful amber autumn colour.

14m by 6m

**Z3**

## Laurel Leaf Willow

*Salix pentandra*

Fast growing, good shelterbelt tree. Green foliage is compound with 3-5 leaflets. High headed, upright oval shape. Striking tree. Requires ample moisture.

15m by 15m

**Z3**

## Golden Willow

*Salix vitellina*

Fast growing tree with golden coloured accent bark.

15m by 12m

**Z3**

## American Mountain Ash

*Sorbus americana*

Large deciduous shade tree with a rounded form. Dark green foliage with white flowers in the spring and summer turning brilliant orange / red in the fall.

10m by 5m

**Z3**

## Black Hawk Mountain Ash

*Sorbus aucuparia* 'Black Hawk'

Medium-sized tree with upright broad form. Clusters of white flowers in spring against green fern-like foliage that turns orange-red in fall. Orange-red ornamental fruit late summer through winter.

10m by 6m

**Z3**

## Russian Mountain Ash

*Sorbus aucuparia* 'Rossica'

A narrow growth habit displaying reddish - orange berries. Requires well drained soil as they are intolerant of wet conditions. Retains leaves longer than other Mountain Ash varieties.

8m by 4m

**Z3**

## European Mountain Ash

*Sorbus aucuparia*

Small to medium sized tree with wide white flower clusters, tiny orange berries and dark green leaves. Fall colour ranges from green to yellow and red.

8m by 5m

**Z3**

# At Blue Grass, we're down to Earth!

## Pyramidal Mountain Ash

*Sorbus aucuparia 'Fastigiata'*

Small, narrow growth habit ideal for smaller spaces. Intolerant of wet conditions and must be planted in well drained soil.

6m by 2m

**Z3**

## Showy Mountain Ash

*Sorbus decora*

Very attractive, small, slow growing, dense tree. White flower clusters in the spring and reddish-orange berries. Showy autumn foliage and shiny bronze bark.

6m by 5m

**Z3**

## Japanese Tree Lilac

*Syringa reticulata*

Upright spreading form, single stemmed, medium tree with rounded head. Flowers are large creamy white or yellow in large trusses. Blooms in late June.

7m by 5m

**Z3**

## Ivory Silk Lilac

*Syringa reticulata 'Ivory Silk'*

Compact oval form of Japanese Tree Lilac with Cherry like bark.

7m by 5m

**Z4**

## Dropmore Linden

*Tilia flavescens 'Dropmore'*

Upright deciduous tree with dense, compact crown. Hanging clusters of yellowish fragrant blooms.

10m by 7m

**Z3**

## Little Leaf Linden

*Tilia cordata 'Little Leaf'*

Dense, pyramid-shaped deciduous tree with clusters of fragrant yellowish-white flowers in late summer. Dark green summer foliage turning brilliant yellow in fall.

12m by 9m

**Z3**

## Greenspire Linden

*Tilia cordata 'Greenspire'*

Dense, oval shaped, fast growing tree. Small flowers in late Spring. Drought and pollution resistant.

10m by 5m

**Z3**

## American Elm

*Ulmus americana*

Famous for arched umbrella shaped canopy and deep furrowed bark. Beautiful saw toothed foliage, turns yellow in fall.

20m by 15m

**Z3**

# At Blue Grass, we're down to Earth!

## Brandon Elm

*Ulmus americana 'Brandon'*

Brandon Elm is a variety of the American Elm - has a more even growth habit. Valuable as a shade and boulevard tree.

15m by 6m

Z4

## Japanese Maple

*Acer palmatum 'Bloodgood'*

Broad growing tree covered with rich reddish-purple, dissected foliage.

3-4m by 2-3m

Z5

## Walker Weeping Caragana

*Caragana arborescens 'Walker'*

Unique, small ornamental tree that is very cold hardy. Bright green foliage with yellow, pea-like flowers in spring. Nice weeping habit.

2.4m by 1.2m

Z3

## Weeping Larch

*Larix decidua 'Pendula'*

Light green needles cover weeping branches on the irregular shaped evergreen. Yellow in fall.

4m by 3m

Z3

## Fall Red Apple

*Malus 'Fall Red'*

Large, red fruit with white flesh. Great fresh or in baking. Ripens mid to late September.

5m by 4m

Z3

## Hardi-Mac Apple

*Malus 'Hardi Mac'*

Medium-sized, red fruit with white juicy flesh. Great fresh or in baking. Ripens mid to late September.

5m by 4m

Z3

## Heyer #12 Apple

*Malus 'Heyer #12'*

Medium-sized yellow-green fruit with white flesh. Great fresh or in baking. Ripens late August.

5m by 4m

Z3

## Royal Weeping Crabapple

*Malus 'Royal Beauty'*

Small weeping flowering crabapple tree that has pink flowers in spring and reddish-purple foliage.

5m by 4m

Z3

# At Blue Grass, we're down to Earth!

## Zestar Crabapple

*Malus 'Zestar'*

Medium-sized red apple with green striping. Tart, crisp, white and juicy flesh. Great fresh or in baking. Ripens late August.

5m by 4m

**Z3**

## Gladiator® Flowering Crab

*Malus x adstringens 'Durleo'*

Narrow upright to columnar form with glossy bronze to purple foliage. Clusters of rose coloured flower buds opening to fragrant pink flowers in the spring followed by showy purple fruit.

4m by 2.5m

**Z3**

## Weeping White Spruce

*Picea glauca 'Pendula'*

Narrow, columnar growing evergreen with blue green foliage and slightly weeping branches.

6m by 2m

**Z3**

## Weeping Blue Spruce

*Picea pungens 'Pendula'*

Low growing, twisted evergreen with weeping habit. Steel blue needles.

2m by 3-4m

**Z3**

## Pink Flowering Mayday

*Prunus padus 'Ethel'*

Lovely rounded tree with clusters of fragrant pink flowers in early May followed by small black fruit.

3m by 2m

**Z3**

## Brookgold Plum

*Prunus 'Brookgold'*

White flowers in early spring followed by large, golden-yellow fruit. Good for fresh eating or canned. Ripens in August.

5m by 4m

**Z3**

## Brookred Plum

*Prunus 'Brookred'*

White flowers in early spring followed by large, dark red fruit. Good for fresh eating or canned. Ripens in August.

5m by 4m

**Z3**

## Carmine Jewel Cherry

*Prunus 'Carmine Jewel'*

White spring flowers are followed by red sweet fruit in July. Great for fresh eating. Self fruiting.

4m by 2m

**Z4**

Specialty Trees

# At Blue Grass, we're down to Earth!

## Combination Plum

*Prunus 'Combination'*

Unique tree, specifically grafted with multiple plum varieties. Tasty, large plums ripen in July. Sweet, juicy fruit is great for eating fresh or canning.

5m by 4m

**Z4**

## Crimson Passion Cherry

*Prunus 'Crimson Passion'*

White spring flowers are followed by bright red sweet fruit in July. Great for fresh eating. Self fruiting.

4m by 2m

**Z3**

## Cupid Cherry

*Prunus 'Cupid'*

White spring flowers are followed by dark red sweet fruit in July. Great for fresh eating. Self fruiting.

4m by 2m

**Z3**

## Early Gold Pear

*Pyrus 'Early Gold'*

Greenish-yellow fruit with tasty, white, juicy flesh. Excellent for fresh eating or canning. Ripens in early August. Self pollinating.

7m by 6m

**Z5**

Weeping Larch

Japanese Maple Scene

# At Blue Grass, we're down to Earth!

## Amur Maple

*Acer ginnala*

Spectacular shades of scarlet in autumn. Creamy white blooms in May.

3m by 2m

**Z3**

## Native Saskatoon

*Amelanchier alnifolia*

Fruit producing shrub with good ornamental value all year round. White blooms. Fruit good for jams and jellies.

3m by 2m

**Z3**

## Honeywood Saskatoon

*Amelanchier alnifolia*  
'Honeywood'

Sweet berries that are good for eating, cooking or canning. Self fertile. Most productive in full sun.

3m by 2m

**Z3**

## Northline Saskatoon

*Amelanchier alnifolia* 'Northline'

Self fertile. Good for eating, pies and preserves. Plant in full sun.

3m by 2m

**Z3**

Deciduous Shrubs

## Regent Saskatoon

*Amelanchier alnifolia* 'Regent'

Large clusters of fruit, slightly tart, moderately suckering,

3m by 2m

**Z3**

## Smokey Saskatoon

*Amelanchier alnifolia* 'Smokey'

Sweet berries that are good for eating, cooking or canning. Self fertile. Most productive in full sun.

3m by 2m

**Z3**

## Thiessen Saskatoon

*Amelanchier alnifolia* 'Thiessen'

Self fertile. Good for eating, pies and preserves. Plant in full sun.

3m by 2m

**Z3**

## Blue Ice Bog Rosemary

*Andromeda polifolia* 'Blue Ice'

Low-mounding groundcover with steel blue needle-like evergreen foliage. Small, bell-shaped pink flowers appear in early spring. Thrives in moist areas.

30cm by 50cm

## Cherry Bomb Japanese Barberry

*Berberis thunbergii* var. *atropurpurea* 'Monomb'

Slow growing compact shrub, with crimson foliage and bright red berries in fall and winter.

1m by 1.25m

**Z4**

## Concorde Barberry

*Berberis thunbergii* 'Concorde'

Compact, rounded shrub with dense, reddish-purple foliage. Plant in full sun for vibrant foliage colour. Effective mixed into borders, used in a hedge or a barrier plant.

60cm by 60cm

**Z4**

## Emerald Carousel Barberry

*Berberis thunbergii* 'Tara'

Rounded shrub with arching stems and lustrous rich green foliage. Small bright yellow flowers in spring. Foliage turns an outstanding red to reddish-purple in fall.

1.5m by 1.5m

**Z4**

## Golden Nugget™ Dwarf Barberry

*Berberis thunbergii* 'Monlers' PP9,577

Bright golden foliage takes on orange-pink hue in fall. Very dwarf, mounding growth habit.

.6m by .6-1m

**Z4**

## Rose Glow Barberry

*Berberis thunbergii* 'Rose Glow'

Rounded shrub with mottled pink, red, green and white foliage, maturing to deep maroon. Bright red berries on thorny branches, best colours in full sun.

1m by .6-1m

**Z4**

## Royal Burgundy Barberry

*Berberis thunbergii* var. *atropurpurea* 'Gentry' PP9461

Low mounding compact shrub with thorny branches. Rich burgundy foliage turns red in fall.

1m by .6-1m

**Z4**

## Royal Cloak Barberry

*Berberis thunbergii* 'Royal Cloak'

Large, deep velvety purple foliage and an upright arching habit. It tolerates shearing.

1.25m by 1.25m

**Z4**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Ruby Carousel® Barberry

*Berberis thunbergii* 'Bailone'

Small, rounded shrub with dark purple-red foliage on upright arching stems. Plant in full sun for vibrant foliage colour. Effective mixed into borders, used in a hedge or a barrier plant.

1m by 1m

**Z4**

## Sunsation Japanese Barberry

*Berberis thunbergii* 'Monry'

Slow growing compact dwarf form, new golden foliage turns to orange glow in fall. Great colour contrast shrub.

1-1.25m by 1-1.25m

**Z4**

## Boxwood

*Buxus* sp.

Durable, very hardy, evergreen shrub with small, dark green foliage. Performs well in cold climates. Holds green colour throughout the winter. Excellent for hedges, foundation, edging.

60cm by 90cm

**Z4**

## Common Caragana

*Caragana arborescens*

Widely used for shelterbelts, hedges, and wind breaks. Hardy, drought tolerant, yellow flowers in midsummer.

4m by 3m

**Z3**

## Fernleaf Caragana

*Caragana arborescens* 'Lorbergii'

Small, vase-shaped tree with soft green, fern-like leaves. Showy yellow, pea-shaped flowers in late spring. Yellow foliage in fall. Widely used for shelter belts, hedges, and wind breaks.

4m by 3m

**Z3**

## Walker Caragana

*Caragana arborescens* 'Walker'

Top grafted caragana with fern-like foliage. Forms an umbrella shape.

1.5m by 1.2m

**Z3**

## Globe Caragana

*Caragana frutex* 'Globosa'

Slow growing, dense, globular, fine-textured shrub. Yellow flowers, green foliage. Full sun. Drought tolerant.

.75m by .75m

**Z3**

## Pygmy Peashrub Caragana

*Caragana pygmaea*

Drought and salt tolerant foundation plant. Upright growth habit, yellow flowers in spring.

1m by 2m

**Z3**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Golden Leaf Dogwood

*Cornus alba 'Aurea'*

Globe shaped shrub with red stems and golden yellow spring foliage which matures to green-yellow. Fine colour contrast shrub. Tolerates light shade.

1.5m by 1.2m

**Z3**

## Silver Variegated Dogwood

*Cornus alba*

*'Argenteo Marginata'*

Brilliant coloured red stems with creamy-white flowers in spring and green variegated foliage. Leaves change to rose-red in fall.

2m by 2m

**Z3**

## Ivory Halo® Dogwood

*Cornus alba 'Bailhalo' PP8722*

Compact shrub, leaves have green centre with creamy white edges.

2m by 3m

**Z3**

## Buds Yellow Dogwood

*Cornus alba 'Bud's Yellow'*

Yellow stemmed, rounded shape, green foliage turns yellow in fall. Disease resistant and tolerant of partial shade.

2m by 2m

**Z3**

## Silver Leaf Dogwood

*Cornus alba 'Elegantissima'*

Handsome shrub with red branches. Emerald green and creamy white leaves. Shade tolerant.

1.5m by 1.5m

**Z3**

## Siberian Dogwood

*Cornus alba 'Sibirica'*

Shade tolerant, hardy shrub, brilliant red stems with creamy white clusters of flowers in summer turn to white-blue berries.

2m by 2m

**Z3**

## Siberian Pearl Dogwood

*Cornus alba 'Siberian Pearl'*

Attractive compact accent shrub, with white berries on red stems. Green leaves turn reddish-yellow in fall.

1.75m by 1.75m

**Z3**

## Variegated Siberian Dogwood

*Cornus alba 'Sibirica' 'Variegata'*

Slower growing, more compact habit than Silver Leaf with small, creamy white flowers in spring. Variegated foliage has red-purple tones in fall.

2m by 2m

**Z3**

# At Blue Grass, we're down to Earth!

## Red Osier Dogwood

*Cornus sericea*

Medium sized, hardy shrub. White flowers in spring followed by blue-white berries, contrast red bark. Tolerates partial shade.

3m by 3m

**Z3**

## Cardinal Red Osier Dogwood

*Cornus sericea 'Cardinal'*

Large rounded shape with dark green foliage that turns reddish-purple in fall. Tolerates shade.

2.5m by 3m

**Z3**

## Royal Purple Smokebush

*Cotinus coggygria 'Royal Purple'*

Wonderful shrub known for its pinkish-purple, smoke-like airy clusters against purplish-red foliage. Foliage holds colour all summer.

2.4m by 2.4m

**Z5**

## Cranberry Cotoneaster

*Cotoneaster apiculatus*

Low growing, spreading habit with small white flowers in spring followed by large red ornamental berries that persist into winter. Showy red-orange fall foliage colour.

.6m by 1-1.5m

**Z4**

## Peking Cotoneaster

*Cotoneaster acutifolia*

Hedging, upright shrub with shiny green leaves which turn red in fall. Small pink flowers in spring. Black ornamental berries persist over winter.

3m by 2m

**Z3**

# At Blue Grass, we're down to Earth!

## Rose Daphne

*Daphne cneorum*

Low growing, spreading evergreen shrub known for its fragrant, rosy-pink flowers in spring. Often repeats bloom in late summer. Dark green foliage.

.4m by .6m

Z3

## Russian Olive (Shrub Form)

*Elaeagnus angustifolia*

Silver foliage with fragrant tiny yellow flowers in spring. Drought and salt tolerant. Requires full sun and well drained soil.

3m by 3m

Z3

## Wolf Willow / Serviceberry

*Elaeagnus commutata*

Native, drought tolerant shrub with silver foliage and fragrant yellow flowers. Silver ornamental fruit over winter.

2m by 2m

Z3

## Turkestan Burning Bush

*Euonymus 'Turkestanicus'*

Upright spreading shrub with thin leaves turning brilliant red in fall. Unique pink orange capsule blooms in summer. Full sun to partial shade.

.5m by 1m

Z3

## Winged Burning Bush

*Euonymus alatus*

Corky, ridged bark and scarlet red fall foliage. Yellow flowers in spring, prefers full sun.

2m by 2m

Z4

## Dwarf Winged Burning Bush

*Euonymus alatus 'Compactus'*

Dwarf shrub with corky, ridged bark and brilliant red fall foliage.

1.5m by 2m

Z4

## Dwarf Burning Bush

*Euonymus nanus*

Dwarf form similar to Turkestanicus.

.3m by 1m

Z3

## Northern Gold Forsythia

*Forsythia ovata 'Northern Gold'*

Earliest blooming with golden yellow flowers before foliage, hardy spreading form.

2m by 1m

Z3

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Assorted Broom

*Genista*

Low-growing, spreading shrub with slender, arching stems covered with bright coloured blooms late in spring. Ideal for accents or mass groundcover.

60cm by 90cm

**Z3**

## Siberian Salt Bush

*Halimodendron halodendron*

Narrow, silvery-grey foliage is highlighted by sweet-pea shaped lavender flowers in late spring. Spiny, leggy shrub tolerates poor soil conditions.

2m by 2m

**Z3**

## Sea Buckthorn - Male

*Hippophae rhamnoides*

Requires male and female to produce fruit. Fruit is high in vitamin A, C & E. Used in juices & tea. Large upright shrub with yellow flowers and thorny branches. Needs full sun.

6m by 3m

**Z3**

## Russian Orange - Female

*Hippophae rhamnoides*

Requires male and female to produce fruit. Fruit is high in vitamin A, C & E. Used in juices & tea. Large upright shrub with yellow flowers and thorny branches. Needs full sun.

6m by 3m

**Z3**

## Annabelle Hydrangea

*Hydrangea arborescens*  
'Annabelle'

Large clusters of flat, white flowers & large green leaves. Thrives in rich, moist soil. Prefers partial shade.

2m by 1m

**Z3**

## Blushing Bride Hydrangea

*Hydrangea macrophylla*  
'Blushing Bride'

Masses of pure white flower clusters that develop a pink tinge as they mature. Hardy, rounded deciduous shrub that reblooms throughout the summer. Beautiful cut flowers.

1.25m by 1.5m

**Z4**

## Endless Summer® Hydrangea

*Hydrangea macrophylla*  
'Bailmer'

Blooms on old and new wood, which provides and endless show of blooms all summer. Pink or blue globe-shaped flowers depending on soil pH.

1.25m by 1.5m

**Z4**

## Pee Gee Hydrangea

*Hydrangea paniculata*  
*grandiflora* 'PeeGee'

Conical clusters of whitish - pink flowers. Thrives in rich, moist soil. Prefers partial shade.

1.5m by 1.5m

**Z3**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Honeyrose Honeysuckle

*Lonicera 'Honeyrose'*

Rounded upright shrub with abundant, rosy-red flowers & blue-green foliage.

3m by 3m

**Z3**

## Arnold Red Honeysuckle

*Lonicera tatarica 'Arnold Red'*

Fragrant pinkish-red flowers in summer followed by abundant red berries.

2.5m by 2.5m

**Z3**

## Miniglobe Honeysuckle

*Lonicera x tatarica 'Mini Globe'*

Compact globe-shaped shrub with fuzzy green foliage and tiny, creamy white flowers in summer. Drought tolerant.

2.5m by 2.5m

**Z3**

## Clavey's Dwarf Honeysuckle

*Lonicera x xylostoides 'Clavey's Dwarf'*

Compact dwarf shrub with green fuzzy foliage and creamy white flowers in summer and red berries in fall. Good foundation plant.

2m by 1.5m

**Z3**

## Blizzard Mock Orange

*Philadelphus lewisii 'Blizzard'*

Hardy, profuse clusters of fragrant white blooms throughout June.

1.3m by .75m

**Z3**

## Galahad Mock Orange

*Philadelphus 'Galahad'*

Compact shrub. White fragrant flowers. Hardy shrub.

1.5m by 1.5m

**Z3**

## Waterton Mock Orange

*Philadelphus 'Waterton'*

Upright rounded shrub with arching branching habit. White, fragrant single flowers in late June.

2m by 1.5m

**Z3**

## Snowbelle Mockorange

*Philadelphus x 'Snowbelle'*

Compact, rounded shrub known for its fragrant, double white flowers which appear in late spring.

1.25m by 1m

**Z3**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Minnesota Mock Orange

*Philadelphus x virginalis*  
'Minnesota Snowflake'

Arching branches of double fragrant flowers in early summer. Retains dark green foliage better than other *Philadelphus*.

2m by  
1.5m

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Abbotswood Potentilla

*Potentilla fruticosa*  
'Abbotswood'

Dense mounding and spreading shrub with large pure white flowers. Blooms from spring until fall. Blue green foliage turns yellow in the fall.

1m by 1m

**Z2**

## Coronation Triumph Potentilla

*Potentilla fruticosa*  
'Coronation Triumph'

Compact-mound shaped shrub with attractive grey-green foliage all season. One of the earliest and longest blooming Potentillas. Bright yellow flowers throughout summer / fall.

60cm by 75cm

**Z2**

## Gold Drop Potentilla

*Potentilla fruticosa* 'Gold Drop'

Compact dwarf shrub with fern-like foliage. Abundant small yellow flowers throughout the summer and fall.

1.25m by 1m

**Z2**

## Gold Star Potentilla

*Potentilla fruticosa* 'Gold Star'

Low growing spreading shrub with rich dark green foliage all season long. Large golden yellow flowers in the summer and fall.

.4m by 1m

**Z2**

## Goldfinger Potentilla

*Potentilla fruticosa* 'Goldfinger'

Showy compact mound shaped shrub with coarse textured green foliage. Large showy dark yellow flowers last all summer and fall.

1.25m by 1m

**Z2**

## Jackman Potentilla

*Potentilla fruticosa* 'Jackman'

Upright shrub with yellow flowers and dark green foliage. Flowers are saucer shaped and come in a variety of colours, yellow being most common.

1.25m by 1m

**Z2**

## Mango Tango Potentilla

*Potentilla fruticosa* 'Uman'  
PP12258, PBR0174

Mounding, compact growing shrub with orange bicolor blooms with red centres. Blooms all summer.

60cm by 60cm

**Z2**

## McKay's White Potentilla

*Potentilla fruticosa*  
'McKay's White'

Mounded, compact shrub with fine textured dusty green foliage. Soft showy white flowers from late spring until frost.

1.25m by 1m

**Z2**

# At Blue Grass, we're down to Earth!

## Pink Beauty Potentilla

*Potentilla fruticosa*  
'Pink Beauty'

Low growing mounded shrub covered with vibrant clear pink blooms through the summer and fall. Colour intensifies as the season cools.

1m by 1m

Z2

## Red Ace Potentilla

*Potentilla fruticosa* 'Red Ace'

Durable, mounding shrub with a profusion of red flowers from summer through frost. Dark green leaves. Withstands poor soils, drought and cold.

1m by 1m

Z2

## Red Robin Potentilla

*Potentilla fruticosa* 'Red Robin'

Low growing mound shaped shrub with distinctive red flowers fading to orange for summer and intensifies to red again in the fall. Attractive grey / green foliage all season.

.75m by 1m

Z2

## Snowbird Potentilla

*Potentilla fruticosa* 'Snowbird'

Low-mounding shrub with double, roselike, pure-white flowers from early summer to frost. Finely textured light-green foliage, making it a strong addition to a shrub or flower border.

.75m by .75m

Z2

## Tangerine Potentilla

*Potentilla fruticosa* 'Tangerine'

Considered the best white potentilla. Dark bluish-green dense foliage with large orange-yellow flowers which bloom from summer until fall.

.75m by .75m

Z2

## Yellow Gem Potentilla

*Potentilla fruticosa* 'Yellow Gem'

Low-mounding shrub with double, rose-like, pure-white flowers from early summer to frost. Finely textured light-green foliage.

40cm by 80cm

Z2

## Evans Sour Cherry

*Prunus cerasus* 'Evans'

Very hardy shrub. Bright red, semi-sweet cherries that are good for cooking and eating. Self-pollinating.

4m by 3m

Z3

## Purple Leaf Sandcherry

*Prunus cistena*

Upright oval-shaped shrub with deep purple bark. Excellent colour accent. Attractive pinkish white flowers and colorful purple-red foliage throughout the season.

2m by 2m

Z3

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Russian Almond

*Prunus tenella*

Showy deep pink flowers that bloom in early spring. Rounded oval shape.

1.5m by 1m

**Z3**

## Nanking Cherry

*Prunus tomentosa*

Upright spreading habit with deeply veined foliage. Very hardy. White flowers turn pink at petal fall. Fruit excellent for jelly.

3m by 4m

**Z2**

Deciduous Shrubs

## Double Flowering Plum

*Prunus triloba 'Multiplex'*

Upright spreading form. Showy double pink flowers early in spring. Green, 3 lobed foliage. Yellowish-bronze fall colour.

2.5m by 3m

**Z3**

## Lemon Lights Azalea

*Rhododendron Azalea 'Lemon Lights'*

Rounded flowering shrub with bi-colour flowers in late spring that are light yellow on the outer petals and a golden toned inner throat. Green foliage turns maroon in fall. Known for its cold hardiness.

1.5m by 1.5m

**Z4**

## Rosy Lights Azalea

*Rhododendron Azalea 'Rosy Lights'*

Rounded flowering shrub with rosy-pink flowers in late spring. Green foliage turns maroon in fall. Known for its cold hardiness.

1.25m by 1.25m

**Z4**

## PJM Elite Rhododendron

*Rhododendron 'PJM Elite'*

Very showy, low growing evergreen shrub known for its masses of lavender flower trusses which appear in early spring. Dark green foliage turns bronze in winter.

1m by 1.25m

**Z3**

## Alpine Currant

*Ribes alpinum*

Rounded shrub with glossy leaves. Grows in sun or shade. Soil needs to be moist but well drained. Greenish flowers.

1.5m by 1.75m

**Z2**

## Golden Flowering Currant

*Ribes Aureum*

Rounded shrub with glossy leaves. Grows in sun or shade. Soil needs to be moist but well drained. Greenish flowers.

1.75m by 1.5m

**Z2**

# At Blue Grass, we're down to Earth!

## Pixwell Gooseberry

*Ribes hirtellum*

Greenish - purple and white flowers in spring and green gooseberries which ripen to pink in the summer.

1m by 1m

**Z3**

## Red Lake Currant

*Ribes 'Red Lake'*

Round shrub which produces numerous red berries. Excellent for jams or jellies. Tolerates many soil conditions.

1.5m by 1.5m

**Z3**

## Wellington Black Currant

*Ribes 'Wellington Nigrum'*

Rounded. Produces masses of early edible fruit, good for jams and jellies.

1m by 1m

**Z3**

## Prickly Rose

*Rosa acicularis*

Hardy native, single pink flowers and abundant rose hips.

1m by 1m

**Z2**

## Woods Rose

*Rosa woodsii*

Native hardy rambling rose. Light pink flowers, highly resistant to disease.

1.5m by 1.5m

**Z2**

## Alexander McKenzie Rose

*Rosa 'Alexander McKenzie'*

Double red, continuous bloom, cup-shaped flowers. Hardy, prefers full sun.

1.75m by 1.75m

**Z2**

## Captain Samuel Holland Rose

*Rosa 'Captain Samuel Holland'*

Part of the Canadian Explorer Series. Upright arching branches, recurrent clusters of red flowers throughout summer.

1.75m by 1.5m

**Z2**

## Champlain Rose

*Rosa 'Champlain'*

Part of the Canadian Explorer Series. Continuous bloom, large dark red flowers.

1.25m by 1m

**Z2**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Charles Albanel Rose

*Rosa 'Charles Albanel'*

Part of the Canadian Explorer Series. Low spreading, hardy rugosa, recurrent red blooms through summer, resistant to black spot.

30cm by 1m

**Z2**

## David Thompson Rose

*Rosa 'David Thompson'*

Part of the Canadian Explorer Series. Compact, hardy, disease resistant, continuous double deep pink flowers.

1m by 75cm

**Z2**

## Henry Hudson Rose

*Rosa 'Henry Hudson'*

Part of the Canadian Explorer Series. Low growing rugosa, continual clusters of double flowers, pink buds open to white with pink tinge.

.6m by .6m

**Z2**

## Henry Kelsey Rose

*Rosa 'Henry Kelsey'*

Part of the Canadian Explorer Series. Vigorous climber, showy clusters of red flowers with yellow centers, continuous bloom.

2m by 1.5m

**Z2**

## J.P. Connell Rose

*Rosa 'J.P. Connell'*

Part of the Canadian Explorer Series. Upright, fragrant continual light yellow blossoms which mature to creamy color.

1.5m by 1.2m

**Z2**

## Kimberly Woods Rose

*Rosa woodsii 'Kimberly'*

Hardy native durable shrub rose with pink flowers borne singly or in clusters throughout the summer.

1.5m by 1.5m

**Z2**

## John Cabot Rose

*Rosa 'John Cabot'*

Part of the Canadian Explorer Series. Vigorous large shrub rose with arching stems. Double orchid pink to red-purple flowers appear summer through fall.

1.5m by 1.5m

**Z2**

## John Davis Rose

*Rosa 'John Davis'*

Part of the Canadian Explorer Series. Semi-climbing rose with continuous fragrant pink flowers,

2m by 1.5m

**Z2**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## John Franklin Rose

*Rosa 'John Franklin'*

Part of the Canadian Explorer Series. Vigorous climbing rose with continuous fragrant double red flowers.

1m by 75cm

**Z3**

## Simon Fraser Rose

*Rosa 'Simon Fraser'*

Part of the Canadian Explorer Series. Low, compact, single pink continuous bloom from early summer to frost.

.6m by .6m

**Z2**

## William Baffin Rose

*Rosa 'William Baffin'*

Part of the Canadian Explorer Series. Hardy pillar type climbing rose. Showy semi-double deep blooms, disease resistant.

2.5m by 1m

**Z2**

## William Booth Rose

*Rosa 'William Booth'*

Part of the Canadian Explorer Series. Trailing, spreading growth habit, single light pink flowers, blooms repeatedly.

1.5m by 2.5m

**Z2**

## Adelaide Hoodless Rose

*Rosa 'Adelaide Hoodless'*

Part of the Canadian Parkland Series. Vigorous, bushy growth, continuous lightly fragrant semi-double flower borne singly over glossy green foliage.

1.5m by 1m

**Z2**

## Cuthbert Grant Rose

*Rosa 'Cuthbert Grant'*

Part of the Canadian Parkland Series. Hardy, fragrant, recurrent, double dark red flowers, borne over leathery dark green foliage.

1.5m by 1m

**Z3**

## Hope for Humanity

*Rosa 'Hope for Humanity'*

Part of the Canadian Parkland Series. Wine red, tea-like buds bloom throughout the season. Upright growth habit.

.6m by .6m

**Z3**

## Morden Blush

*Rosa 'Morden Blush'*

Part of the Canadian Parkland Series. Hardy, low growing rose with clusters of light pink flowers, fading to ivory with age.

1.5m by 1m

**Z3**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Morden Centennial Rose

*Rosa 'Morden Centennial'*

Part of the Canadian Parkland Series. Outstanding clusters of fragrant, vibrant pink double flowers, glossy green foliage, recurrent bloom.

1.5m by 1m

**Z3**

## Morden Fireglow Rose

*Rosa 'Morden Fireglow'*

Part of the Canadian Parkland Series. Brilliant orange-red double flowers, low growing, dense green foliage.

1.5m by 1.5m

**Z3**

## Morden Ruby Rose

*Rosa 'Morden Ruby'*

Part of the Canadian Parkland Series. Vigorous, recurrent masses of double blended red blooms borne singly over dark green foliage.

1.5m by 1m

**Z3**

## Morden Snow Beauty

*Rosa 'Morden Snow Beauty'*

Part of the Canadian Parkland Series. Vigorous, pointed buds opening to dazzling snow white single flowers.

1.5m by 1m

**Z3**

## Morden Sunrise Rose

*Rosa 'Morden Sunrise'*

Part of the Canadian Parkland Series. Hardy, disease resistant, fragrant bi-color orange-yellow flowers, compact growth habit.

.7m by .7m

**Z3**

## Prairie Joy Rose

*Rosa 'Prairie Joy'*

Part of the Canadian Parkland Series. Hedge type rose with dense foliage, pink flowers in early June and periodically through season.

1.25m by 1.25m

**Z3**

## Prairie Dawn Rose

*Rosa 'Prairie Dawn'*

Part of the Canadian Parkland Series. Upright pillar type rose with double pink flowers from June till fall. Repeat blooms on new growth.

1.5m by 1m

**Z3**

## Winnipeg Parks Rose

*Rosa 'Winnipeg Parks'*

Part of the Canadian Parkland Series. Low, dense, brilliant clusters of pink flowers throughout the summer.

.6m by .6m

**Z3**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Blanc De Coubert

*Rosa rugosa* 'Blanc De Coubert'

Hardy, fragrant double white flowers in June. Recurrent bloomer.

1.5m by 1.5m

**Z2**

## Hansa Rose

*Rosa rugosa* 'Hansa'

Vigorous, hardy with richly fragrant double reddish-purple flowers. Recurrent blooming.

1.75m by 1.5m

**Z2**

## Persian Rose

*Rosa foetida persiana*

Upright rose with small double bright yellow flowers in early summer, slightly fragrant.

2m by 1.5m

**Z2**

## Red Leaf Rose

*Rosa glauca* 'Red Leaf'

Upright growth habit with purple foliage and clear pink blooms in summer. Red rose hips provide good winter colour.

2m by 1.5m

**Z2**

## Sir Thomas Lipton Rose

*Rosa* 'Sir Thomas Lipton'

Hardy vigorous growing with large fragrant double white flowers recurring through summer. Dense leathery foliage.

2m by 1.25m

**Z3**

## Theresa Bugnet Rose

*Rosa x rugosa* 'Theresa Bugnet'

Fragrant, dark red buds open to large double red to pale pink flowers in June. Repeat bloom on old wood through summer.

1.75m by 1.5m

**Z2**

## Bebb Willow

*Salix bebbiana*

Orange-green new growth which matures to dark green. Tolerates dry or wet sites. Native.

2.5m by 2m

**Z2**

## Blue Fox Willow

*Salix brachycarpa* 'Blue Fox'

Globe-shaped shrub with blue-grey foliage. Great as a foundation or border plant. Thrives in moist areas in the landscape.

## Donald Wyman Lilac

*Syringa prestoniae*  
'Donald Wyman'

Conical clusters of subtly scented single lavender-purple flowers. Non-suckering.

3m by 2m

**Z2**

## James McFarlane Lilac

*Syringa prestoniae*  
'James MacFarlane'

Upright habit, single pink flowers, very hardy, blooms later than most varieties. Non-suckering.

2.5m by 3m

**Z2**

## Minuet Preston Lilac

*Syringa x prestoniae* 'Minuet'

Dense, rounded shrub with masses of whitish-purple blooms which are extremely fragrant. Any excellent choice for cut flowers.

2.5m by 2.5m

**Z2**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Miss Canada Lilac

*Syringa prestoniae*  
'Miss Canada'

Conical clusters of lightly scented single, light pink flowers. Non-suckering.

3m by 2m

**Z2**

## Belle de Nancy French Lilac

*Syringa vulgaris*  
'Belle de Nancy'

Strongly fragrant, early bloomer with double pink flowers.

3m by 2m

**Z2**

## Beauty of Moscow French Lilac

*Syringa vulgaris*  
'Beauty of Moscow'

Vigorous upright habit with double, delicate light pink flowers.

4m by 3m

**Z2**

## Charles Joy French Lilac

*Syringa vulgaris* 'Charles Joy'

Very fragrant, early bloomer with double reddish-purple flowers.

3m by 2m

**Z2**

## Ludwig Spaeth French Lilac

*Syringa vulgaris* 'Ludwig Spaeth'

Fragrant early bloomer with single purple flowers.

3m by 2m

**Z2**

## Madame Lemoine French Lilac

*Syringa vulgaris*  
'Madame Lemoine'

A strongly fragrant early bloomer with double white flowers.

3m by 2m

**Z2**

## President Lincoln French Lilac

*Syringa vulgaris*  
'President Lincoln'

Very fragrant early bloomer with double, lilac-blue flowers.

3m by 2m

**Z2**

## President Grevy French Lilac

*Syringa vulgaris*  
'President Grevy'

Fragrant early bloomer, single lavender-blue flowers.

3m by 2m

**Z2**

Deciduous Shrubs

# At Blue Grass, we're down to Earth!

## Sensation French Lilac

*Syringa vulgaris* 'Sensation'  
Unique single, pinkish-purple flowers with white edge.

3m by 2m

**Z2**

## Tinkerbelle™ Lilac

*Syringa vulgaris* 'Bailbelle'  
P.P.12294

Upright growth habit with spicy fragrant, single pink flowers.

1.8m by 1.5m

**Z3**

## Dwarf Korean Lilac

*Syringa meyeri* 'Palibin'  
Dwarf, compact with fragrant dainty lavender-pink flowers.

1.2m by 1.5m

**Z2**

## Miss Kim Lilac

*Syringa patula*  
Compact rounded shrub with small pointed foliage which turns burgundy-red in fall. Scented light purple flowers.

1.5m by 1m

**Z3**

## Bloomerang Lilac

*Syringa x 'Penda'* PP#20575  
A new introduction! Highly fragrant, dwarf lilac with small leaves. Blooms in spring and then throughout the summer.

1.25m by 1.25m

## Blue Arrow Juniper

*Juniperus virginiana*  
'Blue Arrow'

Columnar evergreen with blue-green foliage showy, durable plant.

3m by  
.6m

**Z3**

## Blue Star Juniper

*Juniperus squamata* 'Blue Star'

Mounded form, blue star-shaped foliage, slow growing dense shrub.

.6m by  
1m

**Z4**

## Cologreen Juniper

*Juniperus scopulorum*  
'Cologreen'

Dense, bright green foliage. Prefers full sun.

4m by  
1.5m

**Z3**

## Medora Juniper

*Juniperus scopulorum* 'Medora'

Compact narrow pyramid. Bluish colour foliage.

3m by  
.75m

**Z3**

## Wichita Juniper

*Juniperus scopulorum*  
'Wichita Blue'

Broad pyramidal form, dense foliage bright blue all year round. Slow growing.

4m by  
1.25m

**Z3**

## Skyrocket Juniper

*Juniperus scopulorum*  
'Skyrocket'

Very narrow upright juniper.

3m by  
.75m

**Z3**

## Moonglow Juniper

*Juniperus scopulorum*  
'Moonglow'

Silver blue foliage, pyramidal form.

4m by  
1.5m

**Z3**

## Birds Nest Spruce

*Picea abies* 'Nidiformis'

Low growing with dense flat topped spreading branches. Dished centre resembles that of a bird's nest.

.6m by  
1.5m

**Z2**

Evergreen Shrubs

# At Blue Grass, we're down to Earth!

## Ohlendorffi Spruce

*Picea abies 'Ohlendorfi'*

A dwarf evergreen soft green new growth. Adds good contrast with flowering shrubs.

1.25m by 1.75m

**Z2**

## Dwarf Norway Spruce

*Picea abies 'Pumila'*

Dense, dwarf globe shaped spruce with light green foliage, resistant to winter burn.

1m by 1.2m

**Z3**

## Dwarf Alberta Spruce

*Picea glauca 'Conica'*

Very slow growing conical shaped tree, bright green foliage, prefers full sun. Requires protection in Zone 2 and 3.

2m by 1.2m

**Z4**

## Globe Spruce

*Picea pungens 'Globosa'*

Dwarf, dense, globe-shaped evergreen with silver-blue foliage. Excellent blue coloured needles.

1.5m by 1.75m

**Z2**

## Globe Spruce - Top Graft

*Picea pungens 'Globosa'*

Dwarf, globe form of Blue Spruce grafted on a standard. Bright blue needle like foliage. Forms an interesting raised accent plant.

2m by 1.25m

**Z2**

Evergreen Garden

Evergreen Shrubs

# At Blue Grass, we're down to Earth!

## White Spruce

*Picea glauca*

Fast growing native evergreen tree with broad pyramid shape. Light grey-green all year. Use as a specimen for landscapes, parks, shelterbelts or in mass plantings.

20m by 6-7m

**Z2**

## Colorado Spruce

*Picea pungens*

Pyramidal-shaped evergreen with dark green-to-bluish pointed needles. Good as single specimen in landscapes, parks or in mass planting. Useful in shelterbelts.

20m by 6-7m

**Z2**

## Bakeri Spruce

*Picea pungens 'Bakeri'*

Small evergreen tree with broad, conical shape. Dense, vibrant blue needles.

6m by 3m

**Z2**

## Columnar Colorado Spruce

*Picea pungens 'Fastigiata'*

Slow growing evergreen tree with a narrow, upright, columnar form. Dense, bluish-green needles.

6m by 2m

**Z2**

## Fat Albert Spruce

*Picea pungens 'Fat Albert'*

Upright, pyramidal evergreen tree with bright blue foliage in the shape of a fox tail.

10m by 5m

**Z2**

## Hoopsii Spruce

*Picea pungens 'Hoopsii'*

Pyramidal evergreen with greyish blue needles. One of the bluest of the spruces.

12m by 6m

**Z2**

## Montgomery Spruce

*Picea pungens 'Montgomery'*

Slow growing, dwarf evergreen with a broad, round-shaped form. Rich, silvery-blue foliage throughout the year.

2m by 2.4m

**Z2**

## Bristlecone Pine

*Pinus aristata*

Dwarf evergreen shrub with bluish-green needles. Slow growing. Tolerates poor soil conditions.

4m by 2m

**Z2**

# At Blue Grass, we're down to Earth!

## Swiss Stone Pine

*Pinus cembra*

Upright, pyramidal evergreen. Hardy and adaptable to dry soils, but slow growing.

12m by 5m

**Z3**

## Columnar Scotch Pine

*Pinus sylvestris 'Fastigiata'*

Columnar evergreen with twisted bluish green foliage are on the narrow upright branches. Very cold hardy.

7m by 2m

**Z4**

## Dwarf Scotch Pine

*Pinus sylvestris 'Glaucia Nana'*

Round globe-shaped, evergreen with bluish-green needles year-round.

1.75m by 1.75m

**Z3**

## Austrian Pine

*Pinus nigra*

Fast growing, pyramidal evergreen tree with dark green needles. Tolerates a wide range of soil conditions, heat and drought.

15m by 6m

**Z4**

## Mountain Pine

*Pinus mugo ssp. uncinata*

Fast growing evergreen with rich green needle-like foliage, becomes pyramidal with age.

7m by 3m

**Z2**

## Mugo Pine

*Pinus mugo mugus*

Compact, low growing evergreen with rich green needles. Useful in smaller landscape areas. Very cold hardy.

1.25m by 1.25m

**Z2**

## Dwarf Mugo Pine

*Pinus mugo 'Pumilio'*

Dense, broadly spreading, evergreen shrub with short, dark green needles.

1.25m by 1.25m

**Z2**

## Lodgepole Pine

*Pinus contorta latifolia*

Native evergreen tree with dark green needles age to yellow with age. Used in shelterbelts or naturalized settings.

20m by 6m

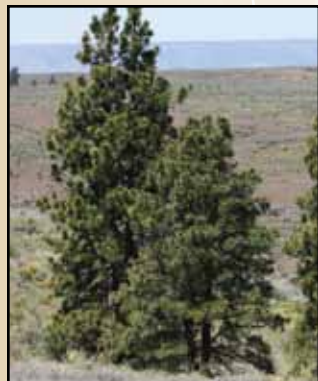

**Z2**

Evergreen Trees

# At Blue Grass, we're down to Earth!

## Ponderosa Pine

*Pinus ponderosa*

Rapid growing pyramidal evergreen has dark green needles. Used in shelterbelts or naturalized settings.

15m by 6m

**Z4**

## Scots Pine

*Pinus sylvestris*

Fast growing evergreen with broad pyramidal shape and blue-green needles. Used in shelterbelts or naturalized settings.

15m by 8m

**Z3**

## Globe Cedar

*Thuja occidentalis 'Woodwardii'*

Broadly rounded evergreen shrub with rich green foliage. Outstanding for use as hedge, screen or accent.

1.75m by 1.75m

**Z3**

## Brandon Cedar

*Thuja occidentalis 'Brandon'*

Columnar evergreen with bright green foliage throughout the year. Excellent choice for use in a screen, hedge or accent.

4m by 1.2m

**Z3**

## Little Giant Cedar

*Thuja occidentalis 'Little Giant'*

Compact, globe-shaped evergreen with rich green foliage. Excellent hedge, foundation plant or accent.

1m by 1m

**Z3**

## Techny Cedar

*Thuja occidentalis 'Techny'*

Upright, pyramidal evergreen with emerald green foliage. Great choice for hedge or screening plant.

4m by 1.75m

**Z3**

## Wareana (Siberian) Cedar

*Thuja occidentalis 'Wareana'*

Broad pyramidal evergreen with bright green foliage. Use as a hedge, screen or windbreak.

3m by 2m

**Z3**

## Emerald Green Cedar

*Thuja occidentalis 'Smaragd'*

Columnar evergreen with bright, emerald green scale-like foliage. Useful as a hedge or screen.

4m by 1.2m

**Z3**

# At Blue Grass, we're down to Earth!

## Blue Boy Clematis

*Clematis integrifolia*  
'Blue Boy'

Fast growing vine covered with showy blue flowers which gracefully droop. Blooms throughout the summer. Great trained on walls, arbors, fences or trellises.

Climbing  
to 3m

**Z3**

## Ernest Markham Clematis

*Clematis 'Ernest Markham'*

Masses of red flowers cover this fast growing flowering vine. Blooms appear in midsummer. Great for walls, fences or trellis.

Climbing  
to 3m

**Z3**

## Guernsey Cream Clematis

*Clematis 'Guernsey Cream'*

Fast growing, deciduous vine is covered with large, creamy-yellow flowers in summer. Great trained on walls, arbors, fences or trellises.

Climbing  
to 3m

**Z3**

## Jackmanii Clematis

*Clematis 'Jackmanii'*

A profusion of violet-purple flowers cover this fast growing flowering vine. Blooms appear in midsummer. Great for walls, fences or trellis.

Climbing  
to 3m

**Z3**

## Mme. Julia Correvon Clematis

*Clematis viticella*  
'Mme. Julia Correvon'

Deciduous vine is covered with large 7cm wine-red flowers from mid-summer to early fall. Ideal for use on walls, fences, arbors or in containers.

Climbing  
to 3m

**Z3**

## Nelly Moser Clematis

*Clematis 'Nelly Moser'*

Fast growing vine covered with large bicolour flowers that are pink with darker middle bars. Blooms throughout the summer. Great trained on walls, arbors, fences or trellises.

Climbing  
to 3m

**Z3**

## Ville De Lyon Clematis

*Clematis 'Ville De Lyon'*

Fast growing vine covered with large carmine-red flowers throughout the summer. Great trained on walls, arbors, fences or trellises.

Climbing  
to 3m

**Z3**

## Hops

*Humulus lupulus*

Extremely vigorous, fast growing perennial vine with large, deeply lobed leaves on dense, twining stems. Attractive, light green hops with fresh, pine-like fragrance. Widely used in beer making. Good cover for trellises or arbors.

Climbing  
to 4m

**Z3**

# At Blue Grass, we're down to Earth!

## Golden Hops

*Humulus lupulus 'Aureum'*

A rapid growing herbaceous, twining climbing vine with chartreuse-green serrated foliage. In the summer, fragrant greenish-yellow hops dangle from the female plants. Male plants are needed for fruit set. Width and height will depend on how trained to the support.

Climbing to 4m

**Z3**

## Mandarin Honeysuckle

*Lonicera 'Mandarin' PP11083*

Large clusters of bright mandarin-orange flowers with a pale orangy centre. Foliage begins coppery maturing to glossy green.

Climbing to 4-5m

**Z3**

## Dropmore Scarlet Honeysuckle

*Lonicera x brownii*

Fast growing climbing vine with glossy green foliage. Blooms June to September with tubular orange-red flowers. Needs support to climb. An old favourite developed in Dropmore, Manitoba.

Climbing to 3-4m

**Z3**

## Virginia Creeper

*Parthenocissus quinquefolia*

Vigorous self-clinging vine with five-pointed foliage that turns crimson in fall. Quickly covers walls or fences, good groundcover for rough areas. Will grow in almost any soil.

Climbing to 4-5m

**Z3**

## Engelmann Ivy

*Parthenocissus quinquefolia 'Engelmanni'*

Fast growing deciduous vine with dense clinging or trailing branches. Small bronze-red new leaves turn bright green in summer, to crimson in fall. Excellent vine or groundcover.

Climbing to 4-5m

**Z3**

## Blue Moon Kentucky Wisteria

*Wisteria macrostachya 'Blue Moon'*

Fast growing woody vine with very long clusters of pea-like blue flowers. A prolific spring bloomer and very fragrant. Excellent for training on trellis walls or columns.

Climbing to 4m

**Z3**

Clematis on the wall

# At Blue Grass, we're down to Earth!

## Ageratum

*Ageratum* spp.

Compact, heat tolerant plants covered with fuzzy flowers from late spring through summer.

15-20cm  
by 25-30cm

## Alyssum

*Lobularia maritima*

Low growing, spreading annual blanketed with clusters of colourful small flowers late spring until early fall.

4-6cm by  
20-30cm

## Argyranthemum

*Argyranthemum frutescens*

Also known as Marguerite Daisy. Masses of yellow daisies throughout the summer.

45-60cm  
by 45cm

## Amaranthus

*Amaranthus caudatus*

Tall growing annual known for its unique, long weeping red flowers in summer.

1-1.5m  
by 1m

## Aster

*Callistephus chinensis*

Colourful, aster-like flowers appear all summer through early fall.

30-60cm  
by 30cm

## Bacopa

*Sutera cordata*

Low growing annual with a spreading habit. Small white or blue flowers in summer. Great for hanging baskets or containers.

30cm by  
60cm

## Begonia, Fibrous (wax)

*Begonia semperflorens*

Waxy foliage is highlight by small colourful flowers throughout the summer. Great for borders.

15-30cm  
by 30cm

## Begonia - Tuberous

*Begonia tuberous*

Colourful large blooms sit atop curled green foliage. Great for borders.

30-45cm  
by 30cm

# At Blue Grass, we're down to Earth!

## Bidens

*Bidens spp.*

Single, golden daisy-like flowers appear spring through early fall. Thrives in moist soils.

45-60cm  
by 45-  
60cm

## Bracteantha

*Helichysum bracteatum*

Straw-like flowers appear through summer in a colourful array. Great in a vase or the garden.

45-60cm  
by 45-  
60cm

## Cabbage - Ornamental

*Brassica oleracea*

This colourful ornamental cabbage thrives in cool weather, adding texture and contrast to containers or landscapes.

45cm by  
45cm

## Calibrachoa

*Calibrachoa spp.*

Also called Million Bells. Miniature size petunia-like in an array of colours blanket this trailing annual. Great in containers.

10-15cm  
by 30-  
45cm

## Celosia

*Celosia spp.*

Brightly coloured, feathery flower plumes from summer to frost. Good cut flowers. Heat tolerant.

60cm by  
40cm

## Coleus

*Solenostemon scutellarioides*

This heat loving annual is known for it striking colourful foliage. Great mixed into landscapes or in containers.

45-60cm  
by 45-  
60cm

## Cosmos

*Cosmos bipinnatus*

Showy colourful flowers atop ferny-like, feathery green foliage. Blooms all summer.

60cm by  
60cm

## Diascia

*Diascia spp.*

Small flowers appear in upright clusters on this showy small annual. Great in landscapes or in containers.

30-45cm  
by 45cm

# At Blue Grass, we're down to Earth!

## Dianthus

*Dianthus chinensis*

A colourful mix of unique, lacy-edged flowers in spring and fall. Good edger or container plant.

25cm by 30cm

## Dusty Miller

*Senecio cineraria*

Rounded, compact foliage plant with velvety, silver-white leaves. Good contrast in mixed borders.

50cm by 60cm

## Euphorbia

*Euphorbia spp.*

Exotic plants known for their showy foliage and small flowers. Great in containers.

20-30cm by 45cm

## Fuschia

*Fuschia spp.*

Truly unique annual with bell-shaped colourful flowers that appear in summer.

45cm by 60cm

## Gazania

*Gazania splendens*

Displays a wide range of single, bicoloured, daisy like flowers all summer. Drought, heat tolerant.

25cm by 25cm

## Geranium

*Pelargonium x hortorum*

This popular annual has showy foliage and clusters of small flowers that sit atop thick stems.

45-60cm by 45-60cm

## Gypsophila

*Gypsophila muralis*

This airy annual is known as Baby's Breath. Small flowers appear in summer on the low growing and spreading plant.

30cm by 45-60cm

## Godetia

*Clarkia amoena*

Colourful, cup-like flowers appear throughout the summer.

30cm by 45-60cm

# At Blue Grass, we're down to Earth!

## Heliotrope

*Heliotropium arborescens*

Clusters of vanilla-scented flowers summer to fall. Colour slowly fades from purple to lavender.

50cm by 50cm

## Impatiens

*Impatiens walleriana*

Sturdy, vigorous with large bright coloured flowers bloom from spring to frost. Good for mass plantings.

40cm by 40cm

## Kale - Ornamental

*Brassica oleracea*

Crinkled, colourful foliage highlights this cool weather annual. Great in the landscape or in containers.

30-45cm by 45cm

## Lavatera

*Lavatera trimestris*

Bushy, upright growing annual that has large, colourful open flowers throughout summer.

1m by 60cm

## Lobelia

*Lobelia erinus*

Low growing, mounding annual covered with small flowers throughout the summer.

20cm by 45-60cm

## Marigold

*Tagetes erecta*

Huge, round flowers in shades of pale yellow to orange bloom all summer. Great in beds or borders.

40cm by 30cm

## Nasturtiums

*Tropaeolum majus*

Rounded green foliage is highlighted by colourful small flowers through the summer.

30cm by 30cm

## Nemesia

*Nemesia spp.*

Snapdragon-like flowers appear in spring and again in fall. Great in landscapes or containers.

60cm by 45cm

# At Blue Grass, we're down to Earth!

## Nicotiana

*Nicotiana alata*

This hummingbird favourite displays masses of trumpet-shaped flowers late spring through summer.

30cm by 40cm

## Osteospermum

*Osteospermum spp.*

Dazzling, daisy like flowers with dark centres bloom in spring and fall. Great in borders or mass plantings.

50cm by 30cm

## Pansy

*Viola x wittrockiana*

Large, blotch-faced flowers in a wide range of colours in spring and fall. Good in pots and beds.

15-20cm by 15-20cm

## Petunia

*Petunia spp.*

Nonstop performer with frilly, flowers from spring to fall on trailing stems. Great in beds and containers.

15-20cm by 60cm

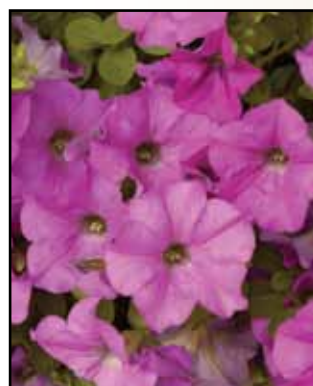

## Petunia - Wave

*Petunia 'Wave Series'*

Colourful array of flowers appear throughout the summer-fall. Great for containers or in landscapes.

30cm by 60-90cm

## Petunia - Tidal Wave

*Petunia 'Tidal Wave'*

An array of colourful flowers appear throughout the spring through summer. Great for containers or in landscapes.

30-45cm by 60-90cm

## Petunia - Shockwave

*Petunia 'Shock Wave'*

Low growing, small mounding annual that is covered by colourful flowers spring through small. Use in containers or mixed into landscapes.

20cm by 30cm

## Petunia - Easy Wave

*Petunia 'Easy Wave'*

Low, mounding and spreading annual with colourful flowers spring through summer. Great in containers or mixed into landscapes.

20-30cm by 45-60cm

# At Blue Grass, we're down to Earth!

## Phlox

## Silvermound Artemisia

*Artemisia stelleriana* 'Silvermound'

Mounding, silvery-grey plant with finely cut leaves. An ideal groundcover, and accent plant for brightly coloured flowers.

30cm by 45cm

**Z3**

## Oriental Limelight Artemisia

*Artemisia vulgaris* 'Oriental Limelight' P.P. 12788

Mounding habit and makes an excellent contrast in any landscape. Variegated foliage is green with creamy-white. No two leaves are alike.

30-45cm by 45cm

**Z3**

## Dwarf Goat's Beard

*Aruncus aethusifolius*

Finely cut foliage, white plumes in summer. Good groundcover.

40cm by 40cm

**Z4**

## Giant Goat's Beard

*Aruncus dioicus*

Large plumes of creamy-white feathery blooms in summer. Lacy green foliage creates a great backdrop. Thrives in moist areas, great woodland plant.

1.2m by 1.2m

**Z3**

# At Blue Grass, we're down to Earth!

## Summer Aster – Assorted Varieties

*Aster alpinus*

Compact, mounding plants with colourful daisy flowers in spring. Great for edging, rock gardens and containers.

15cm by 20cm

**Z3**

## Fall Aster – Assorted Varieties

*Aster novi-belgii*

Masses of daisy-like flowers begin to appear in late summer in an array of colours. Wonderful choice for fresh cut flower arrangements.

30-45cm by 45cm

**Z3**

## Wood's Pink Aster

*Aster novi-belgii* 'Wood's Pink'

Pink, daisylike flowers with gold centres bloom August to September. Compact, dark green, disease resistant foliage.

30cm by 60cm

**Z3**

## Early White Astilbe

*Astilbe arendsii* 'Deutschland'

White flowers on slender stems add colour and texture from late spring through summer. The divided leaves have sawtooth edges.

45-60cm by 45cm

**Z3**

## Fanal Red Astilbe

*Astilbe arendsii* 'Fanal'

Feathery, red flower plumes against green foliage that has a bronze tint in spring. Works well mixed into shady borders or planted in masses.

45-60cm by 45cm

**Z3**

## Granat Astilbe

*Astilbe arendsii* 'Granat'

Rich red flower plumes against green foliage in spring. Works well mixed into shady borders or planted in masses.

45-60cm by 45cm

**Z3**

## Dwarf Chinese Astilbe

*Astilbe chinensis* 'Pumila'

Reddish-pink feathery light flowers on slender stems add colour and texture from late spring through the summer. The divided leaves have sawtooth edges.

45-60cm by 45cm

**Z3**

## Visions in Red Chinese Astilbe

*Astilbe chinensis*  
'Visions in Red' PP11965

Spikes of plume-like flowers above green fern-like foliage. Works well mixed into shady borders or planted in masses.

## Ruby-Red Maiden Pinks

*Dianthus deltoides 'Flashing Light'*

Masses of deep red blooms above a mat of burgundy foliage and stems. Ideal as edging or in rock gardens.

10cm by 15cm

**Z3**

## Red Maiden Pinks

*Dianthus deltoides 'Zing Rose'*

Bright green foliage is highlighted by rose-red flowers all summer long.

20cm by 30cm

**Z3**

## Firewitch Pinks

*Dianthus x 'Firewitch'*

2006 Perennial Plant of the Year! Pink flowers that bloom profusely in mid to late spring, repeat in summer and fall. Blue-grey clumping foliage.

20cm by 20cm

**Z3**

## Aurora Bleeding Heart

*Dicentra formosa 'Aurora'*

Creamy-white, heart-shaped flowers appear throughout the summer until early fall.

20-30cm by 30cm

**Z3**

## Dwarf Red Fernleaf Bleeding Heart

*Dicentra formosa 'Bacchanal'*

Deep ruby-red, heart-shaped flowers appear throughout the summer until early fall.

20-30cm by 30cm

**Z3**

## Pink Bleeding Heart

*Dicentra spectabilis*

Arching branches to 2'. Spring flowering with pink outer and white inner. Foliage dies out before summer.

60cm by 60cm

**Z3**

# At Blue Grass, we're down to Earth!

## White Bleeding Heart

*Dicentra spectabilis 'Alba'*

Unique perennial with white, heart-shaped blooms which gracefully hang on arching branches.

60cm by 45cm

**Z3**

## Foxglove – Assorted Varieties

*Digitalis purpurea*

Tall spike are covered by drooping bell-shaped flowers all summer. colourful mix with darker spotted inside blooms. Thrives in moist soils.

90cm by 60-90cm

**Z4**

## Shooting Star

*Dodecatheon meadia*

Unique shaped mauve-coloured flower are like shoot stars gracefully hanging on tall stems.

60-75cm by 60cm

**Z4**

## Little Leo Leopard's Bane

*Doronicum orientale 'Little Leo'*

Yellow daisylike flowers appear from late spring through midsummer. Compact growing habit.

30cm by 30cm

**Z3**

## Magnus Coneflower

*Echinacea purpurea 'Magnus'*

1998 Perennial Plant of the Year! Masses of rosy-pink daisy-like flowers; blooms summer to late fall.

60-90cm by 60cm

**Z3**

## White Swan Coneflower

*Echinacea purpurea 'White Swan'*

A profusion of large white daisylike flowers appear early summer through early fall.

60-90cm by 60cm

**Z3**

## Blue Glow Thistle

*Echinops ritro 'Blue Glow'*

Metallic blue thistle-like flowers. Non-invasive. Long blooming.

80cm by 60cm

**Z3**

## Pink Daisy Fleabane

*Erigeron x 'Pink Jewel'*

A profusion of pink, daisylike flowers with golden centres. Blooms throughout the summer.

60cm by 45-60cm

## Goblin Blanket Flower

*Gaillardia grandiflora* 'Goblin'

Dwarf growing perennial with yellow-tipped red daisylike flowers. Blooms from summer to frost.

30cm by  
30cm

**Z3**

## Fanfare Blanket Flower

*Gaillardia* x 'Fanfare' PP#15892

Unique, mini-trumpet petals, orange and yellow on a compact growing plant. Blooms late spring to fall.

30-40cm  
by 30cm

**Z3**

## Summer Gentian

*Gentiana septemfida* var.  
*lagodechiana*

Trailing perennial bears stunning, blue, trumpet-shaped flowers throughout the entire summer.

15-20cm  
by 45cm

**Z3**

# At Blue Grass, we're down to Earth!

## Sweet Woodruff

*Galium (Asperula) odoratum*

Hardy groundcover with its bright green foliage and charming clusters of tiny white flowers in spring. Spreading by a dense mat.

30cm by 60cm

**Z3**

## Dwarf Ballerina Cranesbill

*Geranium cinereum 'Ballerina'*

Soft pink flowers with deep purple centres and veins that sit atop grey-green foliage. Mat-forming perennial. Blooms all summer.

10-20cm by 45-60cm

**Z4**

## Double Flowering Geranium

*Geranium himalayense 'Plenum'*

Showy perennial highlighted by green foliage that become orange-red in fall. Lavender-pink double flowers in summer.

45cm by 45-60cm

**Z3**

## Bloody Cranesbill

*Geranium sanguineum*

Mounding perennial with green foliage that turns blood red in fall. Bowl-shaped magenta spring flowers through the summer.

30-40cm by 40cm

**Z3**

## Johnson's Blue Cranesbill

*Geranium x 'Johnson's Blue'*

Spreading clumps with 2" lilac-blue flowers appear in early summer. Foliage bright red in fall.

30-40cm by 40cm

**Z3**

## Lady Strathedon Geum

*Geum quellyon 'Lady Stratheden'*

Mounding foliage with leafy stems of double, golden yellow blooms. A wonderful border or cut flower planting.

60cm by 60cm

**Z4**

## Mrs. Bradshaw Geum

*Geum quellyon 'Mrs. Bradshaw'*

Attractive mounding foliage with leafy stems of double, orange-red blooms. Late spring bloom.

90cm by 45cm

**Z4**

## German Statice

*Goniolimon tataricum*

Clump forming perennial bearing clusters of lavender-white flowers. Popular floral item.

60cm by 60cm

**Z2**

Perennials

## Obedient Plant

*Physostegia virginiana*

Showy, spikes of colourful snapdragon-like flowers. Blooms continually through the summer.

75cm by 60cm

**Z4**

Perennials

# At Blue Grass, we're down to Earth!

## Balloon Flower

*Platycodon grandiflorus*

Compact plants with silvery green foliage are topped with blue flowers that open from balloon-shaped buds.

45cm by 45cm

**Z3**

## Miss Willmott Cinquefoil

*Potentilla nepalensis*

'Miss Willmott'

Clump-forming perennial with rich red flowers with pink centres. Blooms throughout the summer.

30cm by 30cm

**Z3**

## Mountain Cowslip

*Primula auricula*

Fragrant, clusters of colourful flowers with yellow centres arise out of clumping foliage clumps in early spring.

15cm by 20cm

**Z2**

## Drumstick Primrose

*Primula denticulata*

Colourful, ball-shaped flower clusters bloom on erect stems above the rich green foliage. Spring blooming.

30cm by 30cm

**Z3**

## Lungwort - Assorted Varieties

*Pulmonaria saccharata*

Large, textured leaves with clusters of small white, pink to blue flowers arise out of foliage in spring.

45cm by 45cm

**Z3**

## Pasque Flower - Assorted Varieties

*Pulsatilla vulgaris*

Clump-forming perennial with fern-like foliage which appears after the nodding, colourful, cup-shaped flowers. Blooms in spring.

15cm by 15cm

**Z3**

## Rhubarb

*Rheum rhabarbarum*

Easy to grow with edible bright red stalks that are great in baking. Tart flavour.

30-45cm by 45cm

**Z3**

## Goldsturm Coneflower

*Rudbeckia fulgida* 'Goldstrum'

1999 Perennial Plant of the Year! Summer flowering, with dark yellow daisylike flowers with dark cones.

60cm by 60cm

**Z4**

# At Blue Grass, we're down to Earth!

## Green Wizard Coneflower

*Rudbeckia occidentalis*  
'Green Wizard'

Unique perennial with big brown cones atop thick stems. Small green petals surround cones.

60-75cm  
by 60cm

**Z4**

## Irish Moss

*Sagina subulata*

Moss-like plant with a spreading habit. Small green feathery leaves with tiny white flowers in summer. Can be walked on.

5cm by  
15cm

## Sensation Rose Salvia

*Salvia nemorosa*  
'Sensation Rose' PP#18230

Lovely perennial with a compact form and rosy-pink flower spike throughout the summer.

30-45cm  
by 30cm

**Z3**

## Rock Soapwort

*Saponaria ocymoides*  
'Splendens'

Low growing perennial with deep green foliage that is accented by pink flowers late spring through midsummer.

15-20cm  
by 30cm

**Z2**

## Mossy Saxifrage - Assorted Varieties

*Saxifraga arendsii*

Mat-forming perennial suitable for use in rock gardens. Clusters of red, pink or white flowers make a showy display late spring through midsummer.

10-15cm  
by 30cm

**Z4**

## Blue Pincushion Flower

*Scabiosa* 'Blue Butterfly'

2000 Perennial Plant of the Year! Compact plant, abundant, "pin-cushion" blue flowers, spring into fall.

30-40cm  
by 30cm

**Z3**

Perennials

# At Blue Grass, we're down to Earth!

## Stonecrop - Assorted Varieties

*Sedum ewersii*

Mat-forming perennial with pinkish summer flowers and blue-green foliage. Great for wall plantings, foregrounds, containers, and rock gardens.

12cm by 30cm

**Z3**

## Variegated Russian Stonecrop

*Sedum kamtschaticum*  
'Variegata'

Glossy green leaves with cream-coloured edges. Starlike, yellow-orange flowers in summers. Ideal edging and in rock gardens.

12cm by 25cm

**Z3**

## Purple Emperor Stonecrop

*Sedum purdeyi* 'Purple Emperor'

Stunning purple red foliage, clumping form. Dusty red coloured flowers appear in late summer into fall.

45cm by 40cm

**Z3**

## Autumn Fire Stonecrop

*Sedum spectabile* 'Autumn Fire'

Dense clumping form perennial. Bright red coloured flower clusters appear in late summer into fall.

60cm by 60cm

**Z3**

## Autumn Joy Stone Crop

*Sedum spectabile* 'Autumn Joy'

Clump forming perennial. Dense pink flower clusters of pink to rusty-red appear in late summer into fall.

45-60cm by 45cm

**Z3**

## Dragon's Blood Stonecrop

*Sedum spurium*  
'Dragon's Blood'

Red succulent foliage emerges green changing to orange-red in fall. Rosy red flowers in late summer.

6-8cm by 20cm

**Z3**

## Hens & Chicks

*Sempervivum* species

Low-spreading succulent with red and grey-green foliage. Delicate flowers on wiry stem in summer.

45cm by 30cm

**Z3**

## Little Lemon Goldenrod

*Solidago* 'Dansolitem'  
PP#17927

Compact growing perennial with clusters of bright yellow flowers in late summer through fall.

30-45cm by 30cm

**Z4**

# At Blue Grass, we're down to Earth!

## Lamb's Ear

*Stachys byzantina*

Velvety, silvery-grey spreading foliage forms mat. Spring yellow flowers.

30-45cm  
by 40cm

**Z3**

## Painted Daisy

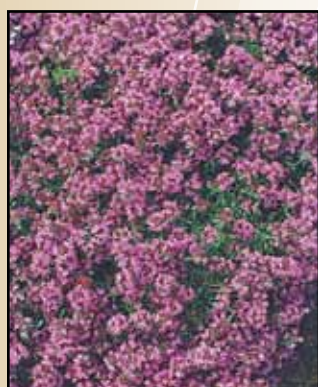

*Tanacetum coccineum*

Clumps of finely divided, aromatic, green foliage add delicate texture to the small, red and pink daisy-like flowers.

45cm by  
45cm

**Z3**

## Red Creeping Thyme

*Thymus praecox 'Coccineus'*

Low growing, creeping groundcover with green foliage and bright magenta-red summer flowers in early summer.

10cm by  
20cm

**Z3**

## Woolly Thyme

*Thymus pseudolanuginosus*

Creeping stems and are highlighted by soft pink flowers in midsummer. Use in containers, between paving stones, and over walls.

5-7cm by  
30-45cm

**Z3**

## Thyme

*Thymus serpyllum*

Mat-forming, spreading Thyme covered with masses of small pink flowers. Great in rock gardens or mixed into containers.

10cm by  
30cm

**Z3**

## Foamflower

*Tiarella cordifolia*

Shadeloving creeping groundcover with showy green foliage and spikes of white flowers. Thrives in moist conditions.

20cm by  
45cm

**Z3**

## Spiderwort

*Tradescantia virginiana*

Clump forming plant with long, deep green grass-like foliage. Blooms in various colours accentuating the foliage.

45cm by  
45cm

**Z3**

## Globeflower - Assorted Varieties

*Trollius*

Glossy, finely cut, dark green leaves accent the large yellow to orange blooms. Brightens shady areas, great cut flower.

60cm by  
60cm

**Z3**

Perennials

# At Blue Grass, we're down to Earth!

## Speedwell - Assorted Varieties

*Veronica spicata*

Clumping, upright stems of blue, white and red flower spikes are borne throughout the summer. Wonderful for fresh flower arrangements.

60cm by 45-60cm

**Z3**

## Periwinkle

*Vinca minor*

Shadeloving creeping stems with glossy green foliage. Showy lavender-blue flowers in spring through summer.

10cm by 45-60cm

**Z3**

## Soapweed Yucca

*Yucca glauca*

Exotic plant with stiff blue-green foliage that is offset by tall white flower spike in summer.

60cm by 60cm

**Z4**

Perennials in Borders

Perennials in Containers

Perennials

# At Blue Grass, we're down to Earth!

## Yellow Foxtail Grass

*Alopecurus pratensis*

'Aurea Variegata'

Variegated green and gold narrow foliage with golden "foxtail" flower that appear in midsummer through fall.

45cm by 45-60cm

**Z3**

## Big Bluestem

*Andropogon gerardii*

Native prairie grass which forms neat clumps. Purplish flower spikes appear in late summer.

2m by 1m

**Z3**

## Little Bluestem

*Andropogon scoparius*

'Prairie Blues'

Dense, clumps of upright, stiff, thin greyish-blue foliage. Leaves turn orange red in fall. It produces fluffy silver seed heads in late summer.

60cm by 60cm

**Z3**

## Bulbous Oat Grass

*Arrhenatherum elat. bulb.*

*Variegatum*

Very showy, variegated foliage that is blue-green with a white stripe. Clump forming habit.

45cm by 45cm

**Z3**

## Karl Foerster's Feather Reed Grass

*Calamagrostis acutiflora*

'Karl Foerster'

2001 Perennial Plant of the Year! Narrow, upright, clumping habit. Rich green foliage. Pink feathery flower turning beige with age.

1.7-2m by 1m

**Z3**

## Variegated Feather Reed Grass

*Calamagrostis acutiflora*

'Overdam'

Narrow, upright, clumping habit. Variegated green and white foliage. Pink feathery flower turning beige with age.

1.7-2m by 1m

**Z4**

## Variegated Japanese Sedge

*Carex morrowii* 'Aureo Variegata'

Tight, clumping grass with showy variegated green and gold foliage.

45-60cm by 45-60cm

**Z3**

## Elijah Blue Fescue

*Festuca glauca* 'Elijah Blue'

Dense mounding grass with silvery-blue narrow blades. Flowers are tannish-beige and arise out of foliage in midsummer.

30cm by 30cm

**Z3**

# At Blue Grass, we're down to Earth!

## Idaho Fescue

*Festuca idahoensis*

Mounding grass with steel blue narrow blades. Flowers are tannish-beige and arise out of foliage in midsummer.

45cm by 45cm

**Z3**

## Blue Oat Grass

*Helictotrichon sempervirens*

Bluish-grey, narrow blades form a fountain-like form. Tolerates dry conditions.

60cm by 60cm

**Z3**

## June Grass

*Koeleria cristata*

Clumping form with upright green foliage. Flowers arise out of foliage in midsummer. Native prairie grass.

45-60cm by 45-60cm

**Z4**

## Orange Flame Grass

*Miscanthus sinensis*  
'Purpurascens'

Medium green foliage with a reddish tint turning red-orange in September. Silver flowers plumes rise above foliage in late summer.

1-1.2m by 1-1.2m

**Z3**

## Variegated Moor Grass

*Molina caerulea* 'Variegata'

Clumping grass that forms a fountain-like habit with age. Variegated green and white foliage.

60cm by 60cm

**Z4**

## Red Switch Grass

*Panicum virgatum*  
'Rostralbusch'

Green narrow blade are accented by random red blades throughout the growing season.

1m by 60-90cm

**Z3**

## Purple Fountain Grass

*Pennisetum setaceum* 'Rubrum'

Striking maroon blades that are topped by rosy-red flower plumes summer through fall. This plan is an annual.

75-90cm by 90cm

## Tricolour Ribbon Grass

*Phalaris arundinacea* 'Feesey'

Variegated, green, white and pink variegated blades.

45-75cm by 45-75cm

**Z3**

# At Blue Grass, we're down to Earth!

## Fiber Optic Grass

*Scirpus cernuus*

Interesting, small clumping with tiny flower buds at the tip of the blades making a "fiber optic" look.

20-30cm  
by 20-  
30cm

**Z8**

Grass in a low Hedge

Grass Mix

Grass in Containers

# At Blue Grass, we're down to Earth!

## Maidenhair Fern

*Adiantum pedatum*

Pale green fan-shaped fronds that eventually turn blue-green on top of the tall wiry black stems. Deciduous.

90cm by 90cm

**Z3**

## Lady in Red Fern

*Athyrium filix-femina*

'Lady in Red'

Upright growing fern with a slight arching habit. Rich green fronds against brilliant red stems.

45-60cm by 45-60cm

**Z4**

## Robust Male Fern

*Dryopteris filix-mas*

'Undulata Robusta'

Large green fronds slightly arch from the centre of plant. Great for woodland settings.

1-1.2m by 1m

**Z4**

## Ostrich Fern

*Matteuccia struthiopteris*

Upright growing fern with rich green fronds. Native fern.

90cm by 90cm

**Z3**

Fern Border

# At Blue Grass, we're down to Earth!

## **(10mm) FINE RUNDLE ROCK**

Dark charcoal grey rock typically used between sidewalk stones for decorative purposes.

## **3/4" (20mm) RUNDLE ROCK**

Dark charcoal grey decorative rock. Used in shrub and flower beds for moisture retention and weed control.

## **1.5" (40mm) RUNDLE ROCK**

Dark charcoal grey decorative rock. Used in shrub and flower beds for moisture retention and weed control. Product is dusty and needs to be sprayed off to reveal true colour.

## **3/4" (20mm) WASHED ROCK (ROUND)**

Used mainly for drainage, dog runs (use only for smaller dogs), and decorative purposes. Product is round, screened and washed.

## **2" - 6" RIVER ROCK**

Larger rock used for drainage and decorative purposes. Can be used in water features, shrub and flower beds and as groundcover.

## **12" - 18" RIVER ROCK**

Larger rock used for drainage and decorative purposes. Can be used in water features, shrub and flower beds and as groundcover.

## **18" RIVER ROCK OVERSIZED**

Larger rock used for drainage and decorative purposes. Can be used in water features, shrub and flower beds and as groundcover.

## **1/2" (12mm) WASHED ROUND ROCK**

Used mainly for drainage, dog runs (use only for smaller dogs), and decorative purposes. Product is round, screened and washed.

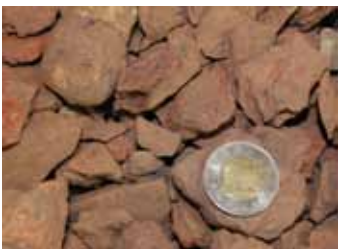

## **(5mm) SPORTSFIELD SHALE**

Deep red in colour. Small, fine rock that is ideally suited for baseball diamonds and other sport field applications. Not ideal for landscape applications as contains fine dust that may spread with wind.

## **3/4" (20mm) RED SHALE**

Deep red in colour. This rock is the most popular for landscape design. Shale is porous and susceptible to breakdown and should not be used on driveways.

## **1.5" - 2" (50mm) RED SHALE**

Deep red in colour. This rock is the most popular for landscape design. Shale is porous and susceptible to breakdown and should not be used on driveways.

## **3/4" (20mm) RAINBOW ROCK**

Decorative purple, green, blue smooth rock. Works great in ponds or any location where the rock is kept wet.

# At Blue Grass, we're down to Earth!

## 1" (25mm) SCREENED ROCK

Mainly used for drainage, dog runs, driveways, and for decorative purposes. Product is round and screened but not washed.

## 3/4" (20mm) LIMESTONE

Grayish decorative rock great for landscaping around the house and flower beds. The rock is covered by a fine dust so the customer should rinse off to see true colour.

## 12mm PEA GRAVEL

Fractured rock used for drainage. If using for drainage, do not use around pipes as it may cause punctures. Also for sub-grading sidewalks, driveways, and patios.

## 3mm PLAY SAND

Clean and washed sand used for playgrounds, sand boxes, under patio block, sidewalks, as well as for decorative purposes.

## 3/4" (20mm) ROAD GRAVEL

A mixture of sand, fine rock, and rock used as sub-grading sidewalks, driveways, and patios. Not recommended for drainage due to the sand and rock.

## 1" - 5" THICKNESS FLAGSTONE

Flagstone is a premium and durable stone material used for making pathways, patios, stepping stones or dry pack walls. They can be dry laid over a gravel and sand base, mortared in with concrete or cut into grass as stepping stones.

## 1.5" - 2" (50mm) SCREENED ROCK

Mainly used for drainage, dog runs, driveways and for decorative purposes. Product is round and screened but not washed.

## 2" (50mm) LIMESTONE

Grayish decorative rock great for landscaping around the house and flower beds. The rock is covered by a fine dust so the customer should rinse off to see true colour.

## 7mm SANDING CHIP

Used in winter on ice and snow to increase traction and grip.

## 5mm BEDDING SAND

Used in bedding plant areas to help loosen soil. Can also be used under patio blocks and sidewalks as well as for decorative purposes.

## LARGE BOULDERS

Large decorative stones for accents to front or backyards, retaining walls, or water features. We carry a large selection of rundle, sandstone, limestone, royal slate kootenay brown and tufa boulders.

## 1" - 8" THICKNESS LEDGESTONE

The textured and natural texture of Ledgestone adds a natural deep and rugged look to any wall or surface. Ledgestone is a popular adornment for home pillars and garage footers, retaining walls, feature walls and landscaping features, such as fire pits.

# At Blue Grass, we're down to Earth!

## GARDEN MIX SOIL

Product is 25% top soil, 25% compost, 50% peat moss. Great for flower beds, gardens etc. Not great for sodding as the compost will burn the grass roots.

## BANKED / VIRGIN SOIL

Unscreened black dirt containing grass, weeds and other debris. Best used as fill. Not ideal for sodding or in shrub / flower beds.

## COMPOST SOIL

Adds organic nutrients to soil to help plants grow. Composted manure, composted bark, composted peat and weed free. Great for use in flower pots, flower beds, gardens, etc.

## RUBBER CRUMB

Recycled rubber used mainly on playgrounds as a cushioned base. Best used at a depth of 6".

## SCREENED LOAM SOIL

Black dirt that has been screened to remove weeds, grasses, and debris. Best used for sodding, flower beds, shrubs beds and as clean fill.

## ORGANIC BLACK PEAT SOIL

Black in colour. Used to aerate and loosen soil and improve water absorption and retention. Reduces leaching of nutrients and helps to slowly release these nutrients over time.

## ROCKY MOUNTAIN MIX SOIL

A blend of 30% and 70% composted bark. Great for shrub beds and flower beds, weed control and water retention.

## BLONDE PEAT SOIL

Black in colour. Used to aerate and loosen soil and improve water absorption and retention. Reduces leaching of nutrients and helps to slowly release these nutrients over time.

# At Blue Grass, we're down to Earth!

## OCHRE MULCH

Orange / Red in colour. Used for decorative purposes as well as weed control and moisture retention. Product will breakdown and colour will dull overtime. Product will have to be replenished periodically.

## SHREDDED CEDAR MULCH

Reddish in colour. Used for decorative purposes as well as weed control and moisture retention. Very fragrant especially when wet. Used in landscapes, flower beds, and shrub beds.

## PREMIUM FIR MULCH

Reddish brown in colour. Used for decorative purposes as well as weed control and water retention purposes. Product will breakdown and colour will dull overtime and will need to be replenished periodically.

## CEDAR CHIP MULCH

Reddish in colour. Product is approximately the size of a Loonie. Heavier than shredded mulch. Use as a substitute for rock in shrub and flower beds as well as for weed control and water retention.

## FOOTHILLS PREMIUM MULCH

A mix of spruce and pine mulch. Darker than cedar mulch. Colour holds longer than most other mulches. Also known as Alpine Mulch.

## EBONY MULCH

Black in colour. Used for decorative purposes as well as weed control and moisture retention. Product will breakdown and colour dull over time. Will need to be replenished periodically.

## PINE MULCH

Tan / Beige in colour. Used for decorative purposes as well as weed control and water retention purposes. Product will breakdown and colour will dull overtime and will need to be replenished periodically.

## CEDAR NUGGETS

Reddish in colour. Product is approximately 1-2". Great for decorative purposes, moisture retention, and weed control. Can be used as an alternative to decorative rock in planters, flower beds and shrub beds.
