2026 Spring Pre-Book (Trees & Shrubs)

If your order includes **pre-booked trees or shrubs**, please note that these items are specifically reserved for you and are not available for immediate pickup or delivery.

- **Availability:** Most items typically become available by the **May Long Weekend**, though some varieties may arrive **later in June**.
- **A Note on Nature:** While we work closely with our growers, live product availability is subject to change. In the rare event of a crop failure or quality issue beyond our control, we will notify you as soon as possible and provide **full store credit** toward a beautiful alternative.
- **Commitment & Cancellation:** Once placed, orders are immediately submitted to our suppliers to reserve your stock. For this reason, pre-book orders **cannot be cancelled or refunded**. * **Store Credit Policy:** We provide **store credit** if you are unable to fulfill your order or if you choose to make changes in-store once items arrive.

Sod Orders: Freshness & Seasonal Expectations

Sod is our most time-sensitive commodity, and its availability is entirely dependent on Mother Nature.

- **The "Green-Up" Process:** Our sod is grown locally and stays in sync with our natural environment. Especially at the start of the season, the grass may not appear "lush green" immediately upon cutting. Rest assured, once it is laid and properly watered, it will wake up and green up beautifully as it settles into your soil.

CONT...

- **Scheduling:** We will contact you personally to coordinate delivery or pick-up once we begin cutting for the season.
- **Reminder:** Sod must be laid within 24 hours of delivery, please schedule delivery accordingly.
